VOL. XLII.—No. 9

PENTICTON, B.C., THURSDAY, FEBRUARY 28, 1952

3 Sections — 22 Pages

TEN YEARS OF JUNIOR Chamber of Commerce work in Penticton were reviewed last Thursday evening when nine former heads of the local chamber gathered here for the Past Presidents' Night sponsored by city Jaycees. Only Dean Miller, past president of 1946-47, was absent from the function which is believed to be the first of its kind to be held in Jaycee history. Seated at the piano is Walter Raesler, immediate past president. Left to right are F. G. Pye, honorary member and supporter of the chamber for many years; Cappy Raikes; Jack Acres; Bob Johnson; Jack Young; Wilf Carter; Jack Petley; Clare Way, incumbent Tommy Walker and Charter President Bill Guerard.

Council Votes Sum For Arena Flooring

Council Approves CPR's Amended Spur Line Proposal

The CPR proposal to build a 1,000 foot spur line from Wade avenue to Rigby street, which met with objections from the City Council last week, has been amended and the new plan received the approval of council, Monday.

Following discussion with A. F. Joplin, divisional engineer, council agreed with the proposal that the line should start 80 feet north of Wade avenue.

Earlier objections claimed that the new spur would mean that traffic down Wade avenue to the arena might be held up by cars on the line.

Object of the spur is to provide storage space for cars from the dock while the full cars from the pack-house are taken to the CPR lake boat at the company dock.

Supreme Court Will Sit In Penticton Next Week

Sitting of the Supreme Court of B.C. will be held in Penticton next week with hearings beginning on either Tuesday or Wednesday. Mr. Justice H. S. Wood, of Vancouver, will be the presiding judge. Two civil cases and several divorce cases are scheduled to be heard.

Council Approves Plans For Intake

City Engineer Paul G. W. Walker was entrusted with the task of installing a domestic water intake pipe in Okanagan Lake, at an estimated cost of \$8,000, by City Council at the meeting Monday following some debate which resulted in a three-two vote for installation by the city rather than an outside firm.

Open House At City Schools To Feature In Education Week

Penticton's part in the nationwide Education Week, to be observed during the week commencing Sunday, will give parents here an opportunity to see first hand the operation of schools.

Monday, a public meeting in the high school auditorium has been arranged by the local P-T-A, at which the elementary school choir will provide entertainment.

Open house will be held in the high school Tuesday afternoon. The school will again be open to the public Wednesday and Thursday mornings and the elementary school will hold open house on Wednesday afternoon.

An elementary spelling bee, a high school council meeting and a choral recital will feature the Tuesday evening program.

Local speakers who will comment on education in radio broadcasts include Mayor W. A. Rathbun, Frank McDonald, manager of the Penticton Co-op, and representatives from the Board of Trade, a local labor union, the Business and Professional Women's Club and the Canadian Legion Branch 40.

City May Soon Be Without Buses; Council Unable To Aid Company

The life of a bus service for Penticton appears to be approaching its end.

In a comment to the Herald yesterday, H. G. Wilson, managing director of Columbia Coach Ways Limited, predicted that "without some sort of aid or subsidy, we can't carry on very much longer." The company has lost over \$13,000 since its inception here.

At a committee meeting with the city council on Monday, Mr. Wilson put forward representations for some sort of municipal subsidy, and backed his remarks with a carefully prepared brief.

Forced To Reduce Bus Service

At that time, however, it was explained that the council is specifically forbidden by the municipal act from entering into such an agreement.

Mr. Wilson further urged that the council should seek special legislation, by which it would be permitted to take such a course, and he said that at the same time he would seek the endorsement of the Public Utilities Commission.

But council has not decided on such a course, at least not in the immediate future.

For one thing, it has been suggested, it has little hope of getting remedial action in the present political upset existing at Victoria, which is bound to interfere with any effort for private bills.

In the impasse, Mr. Wilson has stated that he will now have to devise a further reduction in some way in service, to try to make "ends meet." These details have not yet been worked out.

Company Fighting Losing Battle

"And I have little hope that any further adjustments can keep us operating for very much longer," he declared.

Costs have continued to outpace revenues, and diminishing returns can only be expected from rate rises.

More and more people are being lured to private cars, as the bus company continues to fight its losing battle with economic circumstances.

"There are lots of things combining to make it tough for us," explains Mr. Wilson, "and sooner or later, under these circumstances, our end is inevitable."

He said such a development would be regrettable. Lack of transit facilities is a black-mark against any community.

"And it should be remembered that I know of no other city of this size that has no bus service whatever."

Columbia Coach Ways, which operates only in Penticton and with no other connections, has been in service here since January 23, in 1948.

During this period of about four years, with figures computed to the close of 1951, a total of 952,050 passengers have been carried over a distance of 378,259 miles. Total passenger revenue has been \$94,739.

Costs Increase By 85 Percent

The overall gross loss for the period, to the company, has amounted to \$13,379.

"Without any depreciation fund whatever, and a continued loss of cash, it is certain that the life of the present bus service can only last as long as present equipment."

To try to meet this, the company attempted drastic savings—in the cessation of the Naramata run, reduction of other services, slashing of already slim salaries, stopping the

Valley Growers Receive Praise

VICTORIA—Okanagan Valley fruit growers were held up by M. P. Finnerty, MLA for Similkameen, as possessing "the very qualities that we are looking for in government and in those aspiring to government."

Speaking in the debate on the speech from the Throne before the B.C. Legislature on Tuesday, Mr. Finnerty dismissed the Social Credit party as not having won the confidence of the people in B.C. He asserted, the CCF, if returned to power, would throttle private enterprise and he derided the Progressive Conservatives as having had to make their choice of leadership from between a "wine merchant from Victoria and a Kelowna Winesap."

Far removed from the political arena was Mr. Finnerty's suggestion of a "bug British" campaign in Canada, which he declared, would provide a better tribute to King George VI than all the words spoken in his memory. "The Canadian people, including their governments, should buy as much from Britain as possible in preference to buying from the United States," the member for Similkameen stated.

The high organization and achievement of the Okanagan fruit growers were held up by Mr. Finnerty as an example of things that would be desirable in any future government in British Columbia.

"The very qualities that we possess in the Okanagan are what we are looking for in government and in those aspiring to government," he asserted.

Mr. Finnerty told of early struggles to develop scientific methods of growing, of marketing and how there had emerged from the collective efforts of the growers, three major companies.

The companies are still searching for ways and means of expanding the soft fruit market. That's why they were and still are interested in the aluminum development plans at Kitimat and the Celgar plants in the Castlegar area, Mr. Finnerty declared.

Canadair Has No Intention Of Establishing Factory Here

Rumors that the famous Canadair aircraft manufacturing company was planning to build a parts factory in Penticton, which would employ between 1,000 and 1,500 workers, were definitely scotched on Monday.

A letter from the company read at Monday's council meeting stated that Canadair had no intention of building a parts factory anywhere. "We are at loss to understand how such a rumor was started," the letter stated.

Alderman F. C. Christian in presenting the letter said, "I think this should be made public in view of the wide-spread circulation of the rumor."

INCREASE IN IRRIGATION CHARGES SET

New irrigation rates, recommended by the irrigation commission and approved by City Council, Monday, will mean a substantial increase in revenue for the city of Penticton.

At the meeting council learned that the new rates which range from \$20 an acre to \$16 an acre, for cultivatable land will mean that the city coffers will benefit by \$7,000 this year.

The new rates are \$20 for one acre; \$19 for two, \$18 for three, \$17 for four and \$16 for five and over.

Land not suitable for cultivation will be subject to a \$4 discount.

Last year the rates were \$14.00 and \$12.50 for non-producing land. According to Avery King, president of the Penticton local of the BCFGA, most orchardists seem to feel that the increase, although unwelcome, is justified. "There was no real opposition," said Mr. King, referring to a meeting of the executive of the local at which the proposed rates were discussed.

Another orchardist questioned agreed with Mr. King and commented, "I'm surprised it didn't come sooner."

Court Orders Aged Man To Pay \$214.50 Hospital Account

Awarding judgment in favor of the plaintiff, the Penticton General Hospital, His Honor Judge M. M. Colquhoun ordered John Hull, 69-year-old Penticton resident, to pay an outstanding hospital bill of \$214.50 in County Court on Friday morning.

In handing down his ruling, Judge Colquhoun requested Penticton Hospital counsel, Edgar Dewdney, to defer further action in the collection of the account until he had had time to study the case with a view to securing some aid — financial or a time extension — for the defendant.

Conducting his own defense, Hull told the court that he was unable to work because of ill health and had only a small income to support himself and his wife.

He claimed that, had he been admitted to the hospital when he should have been, his BCHS premiums would have been paid. When he was finally admitted to hospital on the recommendation of his doctor, his premiums had lapsed by about three weeks.

Hull told the court that he had paid BCHS premiums amounting to approximately \$80 for himself and his wife up until that time.

(Continued on Page 8)

MRS. MURDOCH MACPHERSON

"The Romance of the Prairies" will be the subject of Mrs. Murdoch MacPherson of Regina, when she addresses the Penticton Canadian Club at its dinner meeting on March 6. Mrs. MacPherson, whose husband was at one time Attorney-General and provincial treasurer for Saskatchewan, has travelled widely both on this continent and abroad and is in great demand as a speaker.

Permits Required For Fires After Saturday

Permits will be required before open fires may be built within the city limits after Saturday, according to an edict issued by Fire Chief H. M. Foreman, this week.

Permits are also required for installation of all gas burning appliances in homes and business premises.

Permits may be obtained through the Fire Hall, City Hall, or the City Engineer's department.

Summerland Parks Board Candidate Disqualified

SUMMERLAND — The only candidate for the one year vacancy on the Summerland Parks Board has been disqualified. The candidate, George Wolcott, nominated to fill the vacancy left by the resignation of Norman Holmes because of ill-health, failed to fill out the necessary declaration papers within the 30 day limit.

Shell Of Hospital Ready Next Month

The outer shell of Penticton's new \$1,500,000 hospital on the Carmi road should be completed before the end of next month.

On the north and west wings the walls have been poured and carpenters are currently engaged in putting into place the joists for the roofing.

On the other two arms of the X-shaped building concrete had been poured as far as the second floor.

Wooden forms have been removed from the basement and ground floors to reveal the "architectural concrete"—a facing which has the appearance of wooden siding.

Work is progressing rapidly on the heating and hot water systems and the engineers are following up the carpenters and concrete pourers and are installing the network of pipe. The heating plant has not yet been installed and the contractors are awaiting the two 150 horse power boilers which will provide the hospital with heat and hot water.

At present about 134 men are employed in the construction work, including carpenters, laborers, concrete men and heating engineers.

Progress has not been as fast as was hoped for because low temperatures and adverse weather conditions have prevented the outside workers from giving their best. The cold winter has already retarded the work about seven weeks.

"We hope to make up some of the time during the warmer weather," Bill Touhey, superintendent of Dawson and Hall contractors, declared.

B.C. Marketing Boards Unaffected By PEI Ruling?

How will B.C.'s three commodity marketing boards be affected by the recent judgment in Prince Edward Island?

This is the question being asked rather freely in the interior, where there is such interest in the operation of the B.C. Fruit Board, but it is a question on which those involved in the work of the board would be appearing to keep mum for the time being.

The most recent marketing bulletin sent out by the B.C. department of agriculture, however, strikes an encouraging note so far as those who desire continuance of the board are concerned.

LITTLE, IF ANY EFFECT IN B.C. "B.C.'s marketing board will be affected little, if at all, by this PEI judgment," it is declared.

Commodity market boards operating in this province for about 15

years without the alleged benefits of Bill 82, and are prepared to carry on as before, regardless of developments such as that of the end of January this year, when the Supreme Court of the province of Prince Edward Island, sitting "en banc", ruled that the delegation of federal powers to the PEI Marketing Board was invalid.

"This seems to be the consensus of opinion among B.C. agricultural authorities, though few public comments are being offered."

It is being noted that the PEI Act was not thrown out in the Supreme Court decision. Rather, it was the scheme under the act that was ruled invalid. The act itself, modeled after the B.C. Natural Products Marketing Act (and which, incidentally, was declared invalid by the Privy Council in 1939), remains intact.

The PEI marketing legislation, which has aroused considerable interest, reached its climax when the three judges of the Supreme Court of that province held unanimously that the board, being purely a provincial creature, and in no way responsible to the parliament of Canada, cannot receive delegated powers from that parliament. The judges ruled further that powers conferred upon the board by the provincial legislature are void but that the scheme in general is ultra vires.

IMPORTANT QUESTIONS The actual questions before the Court in the Reference, which had previously been sent to the Supreme Court of Canada and referred back for original consideration, and the answers were:

1. Is it within the jurisdiction and competence of the Parliament of

Canada to enact the Agricultural Products Marketing Act (1940) chapter 10?

Answer: "No."

2. If the answer to question No. 1 is yes, is it within the jurisdiction and competence of the Governor-in-Council to pass P.C. 5159?

(Answered by No. 1.)

3. Is it within the jurisdiction and competence of the Lieutenant-Governor-in-Council to establish the said (Potato Marketing) scheme and in particular Section 10 thereof?

Answer: As to Section 10 of the Scheme—"No." As to the Scheme in general and Section 10 in particular—"No, unless and insofar as the Scheme can be limited in its operation to affect only transactions intended to be wholly and ultimately carried out within the Province."

4. Is it within the jurisdiction and competence of the Parliament of

\$3,000 Electric Organ Suggested For Arena

A letter from W. J. Harris was read at City Council Monday suggesting that an electric organ be installed in the Memorial Arena. Mr. Harris estimated the cost of the organ at \$3,000.

He stated that an organ was equally as important as a floor in making the arena a success.

The letter was referred to the Parks Board without comment.

Miss Teresa Overend and Miss Inez Munro have returned from a three-weeks' holiday in San Francisco and Los Angeles.

Mrs. W. H. Ball, who has been spending the past two weeks in Abbotsford with her mother, returned home Sunday.

Naramata Will Observe Women's Day Of Prayer

NARAMATA — In observance of the Women's World Day of Prayer the Naramata women will assemble in St. Peter's Anglican Church at 2 o'clock tomorrow afternoon.

Participating in the service of prayer and worship will be members of the Naramata United Church and the local Anglican Church.

The prayer service will be led by Mrs. G. P. Tinker and Mrs. Donald Furner.

Mrs. Chris Brown, of Penticton, will give the main address and others to take part will be Mrs. N. F. R. Wheatley, Mrs. W. Nicoll and Miss Thompson, of the United Church, and Mrs. Perry Darling, Mrs. A. F. Anderson and Mrs. G. Tinning, of St. Peter's Church.

Dorothy Garrett Wed In U.S. City

KEREMEOS — A pretty wedding of interest locally took place quietly in the Bethel Nazarene Church, Spokane, Washington, on Saturday, February 23 at 7:30 p.m. when Dorothy Jean, elder daughter of Mr. and Mrs. F. E. Garrett of KeremEOS, was united, by the Rev. Sorwiede, in marriage to Grady Wimberly II of Pembroke, Florida.

The lovely young bride wore an oyster white suit with a powder blue hat and gloves and navy shoes. She carried a white Bible on which was a white orchid with Stephanotis from which fell streamers of white ribbon.

The bridesmaid was Miss Betty Weid, of Spokane, who wore a pink suit with grey accessories. The bride's little sister, Shirley, made a charming junior bridesmaid wearing a frock of turquoise taffeta with which she carried a nosegay of pale pink rosebuds and yellow carnations.

The organist was Miss Leah Rorberg and the soloist, Miss Irva Newell, sang "Our Love" and the "Wedding Prayer." The best man was Donald O'Brien of Coeur d'Alene, Idaho.

Following the ceremony there was a reception for immediate friends after which Mr. and Mrs. Wimberly left for a honeymoon in Penticton and later came on to KeremEOS, where the popular young bride worked with the B.C. Telephone Company, before going to Spokane to reside.

Present at the wedding were, besides the bride's sister, her parents, Mr. and Mrs. Garrett. Mrs. Garrett wore a navy and white ensemble with navy accessories. Her corsage was of red rosebuds.

After a short honeymoon, Mr. and Mrs. Wimberly will reside in Spokane, where the groom is attached to the Army Airforce Corps.

Junior WA To S. Saviour's Church Elect Officers

Mrs. P. C. Hatfield, superintendent of the Junior WA to S. Saviour's Anglican Church, was chairman when the organization held its first meeting of the year on February 8.

New officers of the junior group are: Miss Jean Perrie, president; Miss Penny Lull, vice-president; Miss Marilyn Cleland, secretary, and Miss Edna Tribe, treasurer.

"The Guides of Helpers' Hill" will be the short skit to be presented by the Penticton Junior WA at the WA festival to be held in Summerland this year. The play will be produced by Mrs. Maurice Bird with Mrs. Vic Sinclair as piano accompanist for the singing.

Penticton Church Women To Join In World Day Of Prayer

Tomorrow the women of the world are called to observe a day of prayer for a better world for all people. In accordance with this universal period of supplication the Penticton women will attend a service in St. Saviour's Anglican Church at 2:30 o'clock.

Marking the 32nd annual "World Day of Prayer" women from 104 countries from dawn on the Fiji Islands to dusk on the Arctic Island of St. Lawrence will unite in services of prayer and praise.

This prayer service, which alternates each year between churches of various denominations throughout Canada, will be held in the Anglican Churches this year.

The service, which is always scheduled for the first Friday in Lent, is organized in the dominion by the inter-church council at Toronto.

Over 144,000 pamphlets for adults and 18,000 for girls dealing with the world day of prayer were issued by the council for 1952.

At the services tomorrow afternoon Mrs. L. C. Conn, president of the Senior Branch of St. Saviour's Anglican Church, will conduct the worship period with the assistance of Mrs. Maurice Bird, president of the Evening W.A. to the church.

Mrs. Hugh E. Cleland will address the meeting on "What Our Money Does." In this talk she will explain various Christian projects to which the \$23,500 collected in 1951 were issued.

Birthday Party Honors Mr. Martin, Mr. Lewin

Mrs. J. Martin and Mrs. Victor Lewin were co-hostesses at a party held Sunday evening in the home of the former to honor their respective husbands, who were each celebrating birthday anniversaries.

Following a pleasant social evening refreshments were served to the guests among whom were Mrs. and Mrs. Percy McPherson, Mr. and Mrs. G. A. Clarke, Dr. and Mrs. J. R. Parmley, Mr. and Mrs. J. A. Campbell, Miss Verna McFarlane and A. W. Crittenden.

... The Editorials ...

"A GOOD SHOW TOWN"

Council's decision in favor of an arena floor was, we believe, well taken. Facts and figures of other arena operations apparently had much to do with swinging council unanimously behind the project and, while we are in no way critical of council for demanding the opportunity to study statistical data, we are nevertheless in full agreement with Alderman F. C. Christian, who questioned whether facts and figures relating to other points could be more than a guide.

To our mind the more than 2,000 people who turned out for last Friday's hockey club jamboree were more of an argument for an arena floor than any amount of figures.

The testimony of Henry Meyerhoff, a veteran of the show business, given before council last Monday, was far weightier than a barrel full of digits.

"This is a good show town," Mr. Meyerhoff said, and that six word sentence, backed up by the history of the arena since its opening, justifies council's decision and would have justified it even if figures of other arena operations had made dismal reading.

In urging a floor for the arena, Mr. Meyerhoff can be considered to have staked his reputation as a showman and astute businessman on its success, but he protected this reputation by advancing a suggestion which, we think, city council in conjunction with the parks board, should pursue with all possible speed.

The suggestion is the appointment of an experienced man to take over the booking of big-time shows, not for the Penticton arena alone, but for the four arenas, in Kamloops, Vernon, Kelowna and Penticton, and presumably any others which would fit into swing tours.

The suggestion appeals to us as good common sense and one well worth while trying to implement.

NEW DEAL REQUIRED
City Council as a whole, although it has not yet admitted it, appears to be arriving at the conclusion that its new system of retailing light and power must be scrapped or, at the very least, drastically revamped.

We draw this conclusion from various aldermanic comments and from the very evident concern of the council over the extent of the discrimination against the small commercial user, evidence of which continues to accumulate at the city hall.

Council, as is only natural, will be reluctant to jettison a by-law which represents almost a year of study, the burning of much midnight oil, and the expenditure of a considerable sum of money. Nevertheless, as council itself seems to be unable to come to adequate grips with this whole thing, it would appear the most sensible, the most courageous, and most justifiable action to take. Council should wipe the slate clean and start over again.

In suggesting this we are assuming that council has not the intention, and never has had, of using its electric light and power billing as a means of collecting the equivalent of extravagant business license fees from the commercial users.

If there is no such ulterior motive, and there should not be, then it should not be difficult to introduce an equitable method of retailing power to the consumers whether under demand billing or on a flat rate system.

The Herald fails to see the absolute necessity of demand billing even though the city buys its power wholesale on that basis. Neither do we see the necessity

of some of the different classifications. It is the same invisible power which flows through the meters of the preferred residential users that flows through the meters of commercial users, yet we are faced with the anomaly, as related by one of the aldermen, of a residential consumer burning four times the amount of a commercial user at about two thirds of the cost.

Kelowna, which buys its power under a similar agreement to that of Penticton, lived up to its obligation under the new contract of passing some portion of the savings back to the consumer by giving a ten percent discount to all consumers. Everything seemed to go well.

One thing is certain and that is, if the present method is continued the burden will eventually be passed on to the general public. We know of one apartment house operator who has already increased room rents to compensate for the increased power costs. The man in the street, who may be benefitting to some extent as a residential consumer, has no reason to feel elated for, in one form or another, he will eventually contribute to the higher overhead entailed by increased light and power charges to commercial users.

It is in the interests of all consumers that an equitable scale of light and power rates be introduced as speedily as possible, a system of charges which should be based on a minimum flat rate, allowing for profit above the cost of service and, if there is to be any differential, it should be in the favor of volume users as is the practice in almost every branch of merchandising.

AND WHY NOT?
Recommendations of the Hospital Insurance Inquiry Board, particularly those dealing with the making of hospital insurance compulsory in fact, rather than in name, have already drawn criticism.

Employers are expressing concern that the onus of collections, through payroll deductions may be placed upon their shoulders. Demagogues are already raising the cry of "police state" to the inquiry board's recommendation that applicants for provincial government issued licenses should be compelled to provide proof that they are in good standing with the BCHS when applying for licenses.

But why the objections? If the principle of compulsory insurance is acceptable, then it naturally follows that the government must devise some method of enforcing payment.

As for the suggestion that proof of good standing must be supplied when applying for a provincial license, again we ask—why not? A commercial fisherman has for some years had to declare he was paid up on his income tax when applying for a commercial fishing license but, insofar as we are aware, no one raised the cry of "police state."

It is hard to imagine that citizens who have regularly paid their hospital insurance premiums would take umbrage at being asked to produce proof when the objective is to uncover those who are seeking to avoid sharing the burden.

There seems to be altogether too much sympathy with those who have so far avoided paying hospital insurance premiums. That sympathy is misplaced. Compulsory hospital insurance is the law of the province and it should be respected. Those who evade payment are law breakers and the government would be, in our opinion, quite justified in asking the aid of the law abiding in separating the sheep from the goats.

Our Town

By Jack Scott

HOME FOR STRAYS

If the owner of a large brownish dog, wearing a collar with the name "Dickey" on it, wishes to have same returned, which is almost too much to hope, I urge him to communicate with this department immediately. Never mind the reward. Just get "Dickey" boy out of here, that's all the reward I want.

This odd animal is the latest in a long series of mislaid hounds who have followed my daughter home from school. Not being a dog, I do not know what it is about Judy that dogs find so irresistible. There is clearly some mystic attraction.

Any lost canine within a radius of 400 miles can be counted upon to cross paths with the girl and fall into step. A dog just looks at Judy and says to itself, "Here is a kid who will make a lost dog, like poor old me, a happier sort of beast." She, in turn, has a limitless capacity of affection for any stray. It is an awful combination.

Mind you, I like dogs. In spite of everything, I like dogs. If any reasonably alert and intelligent animal were to come along I would be willing to offer my hospitality and perhaps even a cursory pat on the head.

But my daughter's Pied Piper spell somehow does not seem to affect normal dogs. It works only with huggers, and, I am afraid, is crazier than a hundred head of sheep.

She once brought home a strange creature, name of "Maggie," with the appearance of a hyena, which ate cement. I had several bags of cement in the garage for a patio I was constructing and this dog kept going out there and licking the cement. Couldn't get enough of it! Had to have cement!

I must say I encouraged this, even opening a bag and putting a little in a pan, with the wild hope that it might turn to concrete inside, as diabolical a plan for getting rid of a dog as I ever heard.

But "Maggie" thrived on the stuff and while her pups were the exact shade of my patio she never once showed signs of hardening.

"Dickey" instantly established himself as man's worst friend. He is a large, hairy animal with a curious, pointed face that wears a look of perpetual pleading.

Any tracing of his family lineage would clearly be shocking. There seems to be equal parts of water buffalo and prairie gopher in him. All manner of coaxing or threats leave him unmoved. He must be dragged limply along the floor by the collar or one leg and cast out into the open like a bag of laundry. He then takes up a position beside the door, whining and scratching, until someone opens it for one reason or another.

This, of course, led to the usual crisis. I live surrounded by females whose hearts melt for such dogs. If I attempt to drive the animal away or suggest phoning the pound I am given as dark looks as if I had just stabbed my grandmother.

"Didn't you ever bring home a dog when you were a boy?" my wife will ask, looking at me as if I were born aged 47.

I try to be patient about the thing. I explain that we both know from bitter experience what this dog can do. This dog is going to keep us awake all night, one way or the other, and is surely going to alienate us from our neighbors. This dog is a garbage-can-tipper-over and a dahlia-eater if I ever saw one. I volunteer to drive into town and buy a dog, if it's a dog that they want. They look at me, silently mourning their association with Canada's official harem.

At three the next morning, of course, it was nobody but me who was padding around trying to keep "Dickey" from hugging himself hysterically through the French doors. In the meantime he had occupied himself by chewing up a fairly expensive set of wicker furniture.

In our hearts "Dickey" and I knew that only one truce was possible. He settled with a little sign of triumph into the corner of the chesterfield.

NEWS FROM Victoria

By J. K. Nesbitt

VICTORIA — The way members of the Legislature have changed their political stripes in less than three years leaves one astonished by the vagaries of politics — or is that the way to put it?

In June of 1949 the people voted for 39 Coalitionists, seven CCFers, one Independent, one Labor — for a total of 48.

Now, look at the Legislature: there are 28 Liberals; three straight Coalitionists; 11 Conservatives; eight CCFers; an Independent (not the same Independent); a Social Creditor; one Labor — a total of 48.

The first flip-flop came about through quiet, modest James Mowat of Alberni. He's so quiet and so modest that practically nobody pays any attention to him. Yet he started the style.

Let's look back a bit. In the 1949 general election there was some strange sort of skull-duggery up Alberni way. Mr. Mowat, who had been the Coalition MLA for Alberni, lost out in the Coalition nominating convention. His friends told him to run as an Independent. He did. He won. So that means the people of Alberni, in electing Jim Mowat, an Independent, were voting against the Coalition Government.

Yet, less than a year later, Mr. Mowat was back in the Coalition fold. All those who had voted for him because they were agin' the government, suddenly found themselves Government supporters.

Take W. A. C. Bennett and Mrs. Rolston. They were elected as Coalitionists, with a Conservative tinge, of course. Yet last session they left the Coalition, which means, too, that they left the Conservatives. Now Mr. Bennett is a Social Creditor; Mrs. Rolston says she's an Independent, but you can see she's flitting and very poppy, too, with Social Credit.

The 11 Coalitionists were really truly deep down inside Conservative have suddenly become defiant, proud, Conservatives right out in the open, and they don't care who knows, after more or less hiding their identity these last 10 years.

The 23 Liberals still maintain they're Coalitionists, but of course they know they're not, and deep down inside they're glad that they're Liberals again.

Oh yes, sure, they say — we're Coalitionists — that's how we were elected, and Coalitionists we are until the next election. But, in the meantime, they're behaving just like Liberals, with no Coalition drawbacks.

So, looking at the House — that leaves only a handful wearing the same suits they wore when they were elected less than three years ago. There are still three straight Coalitionists — just as they were in 1949 — Messrs. John Cates of North Vancouver; H. J. Welch of Comox; B. M. MacIntyre of Mackenzie.

The CCFers haven't changed their political stripes and neither has Mr. Uphill from Fernie.

So, looking over the political complexion of the House today one sees it vastly changed from the complexion the electorate approved less than three years ago. No wonder the electorate is baffled by the strange goings-on in this capital in recent weeks.

No wonder the electorate is sometimes given to say, in effect: "These politicians — they're all the same — they ask for our votes — and then they say to heck with us."

BUY A 10 ACRE ORCHARD WITH ONLY \$3500.00 DOWN

VARIETIES: Apples, pears, peaches, prunes. Age of trees from 7 to 27 years. Average production \$5000.00. Will increase due to number of young trees. This orchard is level and in excellent condition.

BUILDINGS: 5 room modern house, garage and implement shed.

EQUIPMENT: Tractor, sprayer, mower, 2 trailers, and good supply of ladders, bags, etc.

The Mason Trophy

Emblematic of Canada's best all-round weekly newspaper, was awarded in 1938, 1939, 1942, and 1946 to the Penticton Herald.

The Herald was also the winner of the David Williams Cup for the best editorial page in Canadian weeklies in 1939, 1942 and 1944.

The Herald is permanent holder of the Toronto Type Foundry Cup for best set advertisement, among B.C. weeklies.

Eastern Canada representative, Class "A" Weeklies of Canada, 1951 — 302 Bay St., Toronto.

BIRTHS

RUTZ — Born to Mr. and Mrs. Archie Rutz at the Penticton Hospital on February 26th, 1952, a daughter, Beverly Ann, weight 7 pounds, 10 ounces, a sister for Audrey Patricia.

BANFORD — Born to Mr. and Mrs. H. G. Banford at the Penticton Hospital on Saturday, February 23rd, 1952, a daughter, Susan Gail, a sister for Fred and Alan.

IN MEMORIAM

VINSON — In loving memory of mother (Mrs. J. H. Vinson) who passed away March 2nd, 1951.

"Beloved one who has gone Since you were called away."

And o'er our lives a gloom was cast As night blots out the day.

But in that happy summer-land, Where all is sweet and fair, We've placed you in God's loving hands.

Until we meet you there."

— Her son and daughter, and families.

KIRK — In loving memory of Donald K. Kirk, who passed away suddenly on February 29th, 1948.

"Not lost, but gone before. He lives with us in memory, And will forever more."

— Inserted by his mother, sister, brother-in-law and family.

ROBB — In loving memory of Bambi, Mrs. H. Robb, who passed away March 4th, 1951.

Sadly missed and lovingly remembered by her grandsons, Barry and David.

ROBB — In loving memory of our mother, Mrs. H. Robb, who passed away March 4th, 1951.

"Always together in memories' lane. Today, tomorrow, always the same. Wherever we go, whatever we do, Our thoughts, dear mom, are always of you."

— Ever remembered by the family.

ABRAMS — In memory of Harry Abrams, who passed away February 28th, 1948.

"Years pass, memories linger." — Never forgotten by your old workmate, Ernie Carter.

ABRAMS — In loving memory of Harry Abrams, who passed away February 28th, 1948.

"There is a link that cannot sever. Love and remembrance last forever."

— Ever remembered by his loving wife and family.

CARD OF THANKS

Please convey to my many friends in Kootenay and District my most grateful thanks for their many cards, and kindnesses shown me, while I was a patient in Penticton Hospital; to the Kootenay Baseball Club, Baseball Club, Elks Lodge, O.C.P. Lodge, Kootenay United Church Congregation and Community; Dr. Emanuele, Ken Stewart, Nurse Siddons and Nurses in Penticton Hospital. Your many kind acts will never be forgotten.

— Keith McGord, Kootenay, B.C.

Located at 253 Ellis Street, Penticton, B.C., in the warehouse of Cascade Motor Freight Lines Ltd. Stored April 1950, by Mr. Gordon Nash.

Notice is hereby given that unless charges totalling \$145.21 (storage, C.O.D., freight and advertising) presently against this vehicle are paid by February 21st then it is our intention to sell said vehicle by public auction.

Unless so claimed the date of the sale will be March 6th, 1952, at the below address.
CASCADE MOTOR FREIGHT LINES LTD.
253 Ellis Street, Penticton, B.C. 5-5

DEPARTMENT OF PUBLIC WORKS
NOTICE

The undersigned, being a person authorized by the Minister of Public Works, in writing, to exercise the powers vested in the said Minister in Part II of the "Highway Act", and being of the opinion that the roads in the South Okanagan Electoral District are liable to damage due to extraordinary traffic thereon, hereby makes the following Regulations, pursuant to, Section 35 of the "Highway Act".

Effective midnight, February 28, 1952 the following load and speed limitations are imposed on the said Highways until further notice:

No person shall operate any vehicle over the above mentioned Highways having a maximum gross weight or axle loading in excess of fifty (50) per cent of that allowed by the Regulations made pursuant to section 36 of the "Highway Act", R.S.B.C. 1949, excepting the Main Okanagan Highway, No. 5, upon which a maximum gross weight or axle loading of seventy-five (75) per cent will be allowed.

The speed limit of vehicles with pneumatic tires is restricted to thirty-five (35) miles per hour on the Main Okanagan Highway, No. 5, and thirty (30) miles per hour on all other roads.

Vehicles with solid tires are prohibited from using these highways during such period as this Regulation is in effect.

L. E. WILLIS,
District Engineer.

Churches Protest

(Continued from Page 1.)

figures may be based on the wrong demand.

Mr. McDonald, however, contended that if the same basis for demand billing was applied to residential users with electric stoves and hot water heaters, they would be billed on the basis of 15 KVA against the present commercial demand billing of six KVA.

Alderman J. G. Harris, requested that the light and power committee find out under what category churches were placed in other communities.

Mrs. C. W. Jordan and J. Bondi, operators of light housekeeping rooms spoke for a group of operators. Mrs. Jordan said, "we cannot continue to make a living under such outrageous rates."

Mrs. Jordan declared her light bill had jumped from \$20 to \$98. "That is obviously ridiculous," declared Mayor Rathbun.

Hearings by saying that there were many cases, to take care of, but he assured the delegations that "council was not letting this thing just drift along. We are aware of the conditions and we hope to receive a full report next, Monday on which we can take action."

No Action Yet On Hobbs' Report Premier States

No action will be taken by the provincial government on the Hobbs' report on education taxation during the current session, Premier Byron Johnson told a delegation from the Union of B.C. Municipalities last week.

The report, which advocates an 80-20 split in education costs between the province and the municipalities, with the provincial government absorbing the larger amount, was approved by a convention of the UBCM in Vancouver last week at which Mayor W. A. Rathbun and Alderman E. A. Titchmarsh represented Penticton.

A delegation was charged with presenting the resolution, based on the report, to the cabinet.

Arena Floor

(Continued from Page 1.)

areal acts. "It should be constructed so that it can be removed or laid overnight," he said.

WONDERFUL SHOW TOWN

"If this was an isolated area there would be something to worry about," Mr. Meyerhoff declared, "but with a string of four arenas within a comparatively small area there should be no difficulty in bringing in first class shows."

To ensure this, Mr. Meyerhoff suggested that Kamloops, Vernon, Kelowna and Penticton should get together and appoint a good man to take care of bookings for all four arenas and any others which would fit into swing tours.

"This is a wonderful show town. Here we have had a last place hockey team and look at the support they've had and people have been coming from as far as Omak," he said.

"And look what it is doing for the youngsters, that doesn't measure in dollars and cents but if the arena saves only a 100 kids from delinquency it will be worthwhile."

Suggests Mr. Meyerhoff, "if the city hasn't got the money at this time why can't a group of citizens go to the bank and raise the money that way?"

But don't forget, he warned, if you put in a floor it has got to be strong enough to stand anything, including elephants.

Alderman Titchmarsh commented, "It seems we should now ask the movers of this motion if the floor they propose is strong enough to carry an elephant."

Informing that an elephant weighs between 5,000 and 6,000 pounds, Mayor W. A. Rathbun declared, "this floor will carry an elephant easily."

"Yes, but remember an elephant sometimes stands on one leg," cautioned Alderman Titchmarsh with a smile.

In serious vein, the city's finance chairman declared: "This council realizes that sooner or later the arena must have a floor, but before we can decide, we must have figures proving to our satisfaction that the floor will improve the financial status of the arena, or at least not worsen it."

ADVANTAGES

Alderman Haddleton announced that he had studied figures received from Kelowna that day and was now satisfied to vote for the floor and he added, despite editorial in the local paper this council was justified in making a close study of the proposal. "The figures I have studied have convinced me that a floor would be advantageous."

Alderman Haddleton also disclosed that facts and figures pertaining to arena floors had been on file long before the arena was built and he was surprised that no one had seen fit to produce them.

Alderman Christian declared he could not agree entirely on the value of figures. "Figures might be produced to show that a certain type of business had failed in Kelowna but that wouldn't necessarily mean that the same type of business would fail in Penticton."

A NECESSITY
"Figures can be important as a guide but what it boils down to is efficient management."

He declared that ex-Mayor W. Hughes-Games of Kelowna had informed him that a floor constituted a necessity. "If we do not endorse a floor we shall be showing a lack of vision," Alderman Christian concluded.

Alderman Harris and Titchmarsh declined to consider the motion until they had opportunity to study the figures received from Kelowna and Alderman Harris declared it was up to the parks board to produce better figures. "Until I have something more to work on than I have now, I am going to hold to my original viewpoint."

It was then decided to table the motion and to go further into the question in committee.

Intake Plans

(Continued from Page 1.)

perceived," he said.

Alderman Titchmarsh advised him that council was not responsible for the delay. "We cannot make such decisions," he said.

Alderman French, Christian declared that council had been warned that delay would be unwise. "I move that we allow Mr. Walker to go ahead with his plans," he said.

SILTING QUESTIONED
Alderman Harris questioned the wisdom of using a pipe which followed the contour of the lake bottom. "What about the danger of silting up?" he asked, adding that a sustained grade might be better.

Mr. Walker explained that because there would be no air in the pipe the velocity of the water passing through would be constant and, as a result, there was little danger of silting.

Alderman Titchmarsh then suggested that the plans should be submitted to a consultant for opinion and made a motion to that effect. The motion was ruled out of order because Alderman Christian's resolution had not been voted on.

The motion asking for authorization for Mr. Walker to proceed with the work was then put to a vote and was carried.

Socialists and communists want to share everything equally—except the power to rule.

City Buses

(Continued from Page 1.)

\$100 payments to the city, and other adjustments.

It was only because of this that the company was able to keep going at all.

Meanwhile, costs per mile of service keep on going up, and the company must increase income by as much as 21 percent to stay afloat.

Are increased fares the answer? This question was put to Mr. Wilson by the Herald yesterday. He replied that an increase in fares by 25 percent, could lead to a drop in passengers of at least 20 percent, which would be less than three passengers per run. To cover such a decrease, fares would have to keep on going higher, and so on.

Increasing fares will not produce the solution, it is also argued. Deceased service, it is also argued, can only go so far, without making matters worse, except in the very worst instances, where runs are not even paying the cost of gas, oil, and driver.

The problem is not unique in Penticton. It has been pointed out by Mr. Wilson that in the past two years more than 54 cities in Canada have suffered troubles in their bus services.

In many places, the subsidy has been the only method of solution, and this has been done in varying ways, such as by varying amounts per mile, by fixed amounts per month, by amounts per month varying according to expected income, by paying a difference between cost and income plus a percentage on investment, by paying an amount per mile with the total not to exceed a certain percentage on capital, or by paying a fixed amount per month with any excess over a certain percentage on capital to be refunded.

In the brief presented this week to council, the local company concluded:

"We earnestly recommend that your council seriously consider the advisability of subsidizing this operation now while it is still useful to the community. If, after due consideration, you are unable to reconcile subsidizing with the value to the community of a well-run, reasonably priced, public transport, then we shall have no alternative but to start the downward path in the first step of which must be drastic curtailment of service. We feel that we must inform you that, if these steps are forced on us, we cannot foresee continued service for very long. This company has used up its reserves in giving service over the past four years, and now has nothing with which to cushion the losses which we are sure will occur."

Many Districts Served

During the year 1951 work was carried out in many places in the Okanagan and at Kimberley, Riondel, Wyn-

dell, Kaslo, Lardo, Gerraard, Pouce Mountain, Coquihalla Pass, Kamloops, Chase, Merritt and Nicola.

Valley Growers

(Continued from Page 1.)

clared. Added the speaker, "we are interested in every industrial possibility and in a government that will attract industry. The future of the Okanagan lies in the future industrial development of British Columbia and Canada."

Mr. Finnerly paid tribute to the work of Arthur Garfield, president of the B.C. Fruit Growers Association, A. K. Loyd, president of B.C. Tree Fruits; Gordon DesBrisay of B.C. Fruit Processors and John Coe, president of the Penticton Co-operative Growers' Exchange.

Mr. Finnerly probed the background and internal state of affairs of the major political parties seeking office in the next election.

He declared Okanagan residents were not impressed with Social Credit leader Solon Low. He believed that if Independent MLA W. A. C. Bennett from South Okanagan was given the party leadership, there would still be great disunity amongst the Social Creditors. He commented on CCF leader Harold Winch's statement that big business spoke to the CCF and declared they would stay in the province even if the CCF got into power.

Said Mr. Finnerly: "Big businessmen will pass the time of day with anyone. But if the socialists do go in, business already here won't expand and no new business will dare come into the province."

Dealing with the Conservatives, he said a recent Tory convention had to choose a leader from what he called a Victoria wine merchant and a Kelowna wine merchant. The election of Herbert Anscomb as party leader still left the party without solidly and little unanimity on policy.

As for his own party, the Liberals, he suggested they had the advantage because private members supported their leaders and their leaders had the support of the public and industry. He thought only the Liberals had the ability to preserve free enterprise in the province.

The issues before the people were free enterprise compared to socialism; industrial progress compared to chaotic confusion and leadership as compared to personal ambition.

He predicted that Premier Johnson would be returned to office and the Liberals would be returned with a large majority in the coming election.

WANTED

Alderman Frank C. Christian Tells Kiwanians Of Tourist Council Aims

Urgent need for unified publicity to expand Penticton's tourist industry was stressed by Alderman Frank C. Christian, president of the newly-formed Penticton Tourist Council, in an address to the city Kiwanis Club in which he outlined the aims and objects of the council.

"We of the tourist council believe that with co-operation between the businesses here we can get widespread publicity at low cost for Penticton," Alderman Christian explained.

"I think the tourist council will succeed in its efforts to get more publicity for Penticton because of the interest shown by the people who are in the tourist business."

"Our aim must be to extend the tourist season as much as possible. To start, it as early as we can and to keep it going as long as we can."

"A tremendous amount of work can be done by publicity. If this city is to make any progress at all then we must tell the world of our opportunities and potentialities."

Referring to council's decision to allocate funds for the floor in the Memorial Arena, Alderman Christian declared, "I am glad to see that council has vision and is interested in the city's progress."

Of the tourist council he said, "We have representatives from hotels, auto courts and other businesses who have shown interest in the idea of unified publicity. In the past we have had people coming here trying to sell individual firms publicity which has not been effective. We must have co-operation with all business and city organizations to publicize the city as a whole," he said.

The speaker told of an interview with an advertising agent at the coast who advised him to concentrate on the larger cities, Vancouver, Spokane and Seattle.

"We should start with blossom time and arrange to have scenic pictures and fruit tree blossoms displayed at the coast and convince the people there that Penticton is their playground," he said.

Alderman Christian then showed the audience a rough map, with Penticton in the centre, sketched on the back of an envelope. The idea, he said, was suggested to him by an interested citizen who pointed out that a space could be left for a sticker which would advertise coming events like the Reach, Festival, Blossom Time and other attractions.

"We are trying to finance the council through the tourist businesses and, if we can get the people to believe in publicity, we should be able to raise about \$5,000. If we work we should be able to do a lot for Penticton," Alderman Christian concluded.

\$7,500 Penticton's Share Of Red Cross Society's Nationwide Campaign For \$5,222,000

The Penticton branch of the Canadian Red Cross Society will participate in the nationwide drive for \$5,222,000 on March 10.

The local "one day blitz" campaign, which is under the direction of D. C. Hartley, will be endeavoring to raise \$7,500, Penticton's share of the national total, in the one day. The Canadian total has been increased four and a half percent over previous years in view of ever advancing costs, added commitments to the armed forces and the steady expansion of the free national blood transfusion service.

Provision of free blood transfusions for the majority of Canadians is the largest single item in the operational budget of the Society, Lewis A. Winter, OBE, honorary treasurer of the society, stated in a recent report.

More than a third of the budget will go to the blood service, which last year provided free transfusions for 110,000 patients and 6,000 bottles of plasma for the armed forces.

Next largest requirement is \$888,088 for hospital, medical, nursing and health services, including operation of 75 outpost hospitals and nursing stations. Third largest item is \$429,795 for service to war veterans.

Balance of the budget will be used for instructional and welfare services, international and women's work, Junior Red Cross, and administration and other miscellaneous expenses.

To safeguard the public interest, the Red Cross has in force a most exacting system of budgetary control, from the smallest branch to the final audit by the department of national defence, which final provision is called for by the Red Cross charter.

One of the last official acts of Viscount Alexander of Tunis, before relinquishing his title as Governor General of Canada in January, was to endorse the March appeal of the Canadian Red Cross.

Appointment of a town planning commission may be made by City Council at next week's meeting. The city solicitor informed council that, as the previous commissioners had resigned in a body and that their terms had since expired, it appeared to be in order for council to go ahead and appoint a new commission.

Alderman F. C. Christian stated that several citizens had volunteered to act on the commission and that he hoped to bring in recommendations next week.

Three Outstanding Adjudicators For Musical Festival

When the Okanagan Valley Musical Festival is presented in Penticton on April 21 to 26, contestants and audiences will have an opportunity to hear the adjudications of three outstanding experts in their respective artistic fields.

Geoffrey Tankard, one of England's foremost pianists, will adjudicate the music, well known Vancouver dancing teacher, Miss Mary Isdale, will judge the dancing, and the verse speaking will be adjudicated by one of Canada's finest authorities in this field, Miss Kathleen N. Elliott.

Born in Bradford of musical parents, Mr. Tankard, at the age of 14, played all the Bach "48", the Etudes of Chopin and most of the Beethoven Concertos and Sonatas. At 15, he took his diploma at the Royal College of Music, and while still a schoolboy, held an organ appointment for two years.

He later studied under such famous teachers as Emil, Bauer, Lamond, Molschewitz and Dr. Egon Petri. Mr. Tankard taught, for some years in London, Manchester and Bradford, and then retired from music for ten years to enter business.

The call of music, however, proved too strong to resist and he decided to take up the career of a concert artist. In three years he had memorized over 3,000 pages of music and learned more than 50 chamber works and over 20 concertos.

Packed halls in wartime greeted his 300 recitals with Albert Sammons. Of these performances, the London Times said this: "It was an invigorating experience to hear so virile and complete a partnership. There was never any danger of faulty balance and there was always an adequate resonance. The tribute paid to contemporary music by the performance of Edmund Rubbra's Sonata deserved particular recognition. The first two movements of this work have a lyrical beauty rare in the music of our time. All this Mr. Tankard and Mr. Sammons brought out wonderfully well, and they swept the audience off its feet with the healthy ferocity of the finale. The whole thing was a superb example of how genuine artistry can penetrate into the composer's mind."

MAN OF WIDE CULTURE
A man of wide culture and founder of two Shakespearean Societies, Mr. Tankard is well known as a lecturer and adjudicator, and is now professor and examiner of the Royal College of Music, and examiner to the Associated Board.

In 1939, he appeared with the London Symphony Orchestra in Queen's Hall, and with the London Philharmonic Orchestra in 1940. In 1950, he toured Canada, and, in 1951, gave recitals and lectures in Malta.

The music critics notices have been very much in his favor. The London Daily Telegraph has said, "He played delicately and neatly and rightly allowed the music to make its own appeal."

From the Sunday Times: "He showed irreproachable taste — the fluency of his finger work was above criticism."

The Times has said: "It is a relief in these days, when a dozen pianists give recitals in London a week, to find one."

PEI Ruling

(Continued from Page 1.)

and competence of the Prince Edward Island Marketing Board to make the Orders made under the said Scheme or any of the Orders so made?

Answer: As to Board Order Number 6 (2), (Producer's Levy), and the now-repealed Board Order Number 2 (levy), — "No". As to the Board Orders in general, — "No, subject to the proviso set out in the answer to Question 3."

"ELUSIVE LEGISLATION"

Mr. Justice Tweedy of the Prince Edward Island Supreme Court, in referring to the case, stated in part: "It seems inconceivable to me that it should be necessary, under Sections 91 and 92 of the British North American Act, which uses the word 'exclusive' in both sections, to have to resort to such an elusive way of legislating with regard to the trading in and sale of an exportable product. I feel the Parliament of Canada, through its elected representatives, ought to be in a position to acquaint its master, the people, with the exact nature of the legislation; what it is proposed to do, what tax, levy or service charge is to be made and much other information which the people have a right to know. It ought to have some say in the appointment, control and discipline of these people who are given such dictatorial power."

The Manchester City News called him the "possessor of very high pianistic attainments."

The dancing adjudicator, Miss Isdale, is a well known teacher of all types of dancing, but she specializes in national and character dancing, as well as in ballet and classical.

Her pupils have gained honors at festivals and Highland games throughout Canada and the United States, and many have been trained for professional careers.

She is a member of the Canadian Dance Teachers' Association and the Scottish Country Dance Teachers' Association of Scotland. Her ballet and classical training was taken at the Belcher and McAdam School of Los Angeles.

Her thorough understanding of music and interpretative ability has greatly broadened her scope in the field of dancing.

Work of the verse speaking contestants will be adjudicated by one of Canada's finest authorities in this field, Miss Elliott is past president of the Toronto and District Association of Teachers of Speech, and has been a director of Speech Festivals for Toronto and district for some time.

WIDE EXPERIENCE

She has had wide experience in Ontario, Saskatchewan and B.C., including the direction of summer sessions at Queen's University and Victoria, B.C. She is at present teaching in Vancouver.

The Penticton Musical Festival Association feels that it is more than fortunate in obtaining the services of Miss Elliott and is sure that the adjudications in verse, prose recitation and choral competitions will be outstanding.

Competitors are reminded that the closing date for entries is March 1. To date, the number of entries received from all Valley points has even exceeded highest expectations and the Penticton association has had 500 additional entry forms printed to mail out. Contestants wishing to avail themselves of the late entry date of March 6, may do so at the expense of one dollar extra. All entries must be sent to the Festival secretary, Mrs. Hugh Cleland, at box 154, RR 1, Penticton.

Mrs. Jack Young and Mrs. Jack Grigor are in charge of the committee responsible for securing the official accompanists, not the official accompanists as was previously stated.

A chimney fire on Wade avenue, shortly before midnight Sunday, was controlled by the city fire department before any damage was sustained.

Naramata Fire Siren To Sound

NARAMATA — Commencing this week and continuing for an indefinite period the Naramata Volunteer Fire Brigade will sound its fire siren at 12 o'clock noon of each Saturday. This is to familiarize the Naramata community with the sound of the local siren.

HORTICULTURAL SOCIETY

M. P. D. Trumpour, district horticulturist here, will address the Penticton and District Horticultural Society on "Soils" at the regular monthly meeting to be held in the Anglican Hall at 8 p.m., next Thursday.

Talented Young Edmonton Pianist To Present Concert Here March 11

NARAMATA

Miss Doreen Stanton, talented young Edmonton pianist, will present a concert, sponsored by the Penticton branch of the B.C. Registered Music Teachers' Association, in the Penticton United Church, Tuesday, March 11.

Miss Stanton, who started her music studies at an early age, now holds diplomas from the Royal

MISS DOREEN STANTON

Conservatory of Music, the Associated Board and the Western Board of Music. Miss Stanton appeared as soloist with the Edmonton Pops Orchestra during last year.

Her program here will include: Sonata in E flat, Mozart; Fantasia op. 15, Schubert; La terrasse des audiences du clair de lune, Debussy; Toccata, Debussy; Sonetto 104 del Petrarca, Liszt; Etude op. 25 No. 1, Chopin; Etude op. 10 No. 8, Chopin; Fantasia F minor, op. 49, Chopin; La Chanson du vent (Song of the Wind), G. Dupont; Nocturne op. 33 No. 1, G. Faure; and Caprice Italien (from Napoli Suite), Poulenc.

Court Orders

(Continued from Page 1.) but was unable to keep up with the payments.

Mr. Hull was admitted to hospital on March 11, 1951, and discharged on April 6 of the same year. His hospital account of \$825 a day for 26 days amounting to \$21,450 had not been paid, according to the testimony of L. J. Kenna, hospital accountant.

Hospital administrator E. F. MacDonald testified that the bill was turned over to the Penticton Credit Bureau for collection. J. J. Van Winkle, manager of the credit bureau, gave evidence to the effect that several notices had been sent to Hull asking him to attend to the account, and on December 24, 1951, a letter was sent to the defendant asking him to show proof that he had paid BCHIS premiums.

"How could I pay the bill or the premiums if I didn't have the money?" the defendant asked.

Local Citizens Reminded To Get On Voters' List

In view of the forthcoming provincial elections, Penticton citizens are being urged to check and make sure their names are on the voters' list of this electoral district.

This reminder applies especially to newcomers to the district, women who have married since the last provincial election and should have their names changed on the list, and people who have become 21 since the last election.

A check may be made with the registrar of voters at the local provincial Court House, where anyone not on the voters' list and qualified to vote, may register.

In order to qualify to vote in a B.C. provincial election, a person must be a British subject of at least 21 years of age. They must be a resident of Canada for at least 12 months and a resident of B.C. for six months.

To register a person must be a permanent resident in the electoral district in which he seeks to register as at the date of application for registration.

In the case of a British subject other than by birth, proof of citizenship must be furnished on submission of application for registration.

Local SPCA Finds Homes For 150 Cats, Dogs During Year

The entire executive of the Penticton Branch of the SPCA was annual meeting of that organization. Loyd Reade is again president with Mrs. Lillian McLaren, secretary, and Mrs. Doris Eshleman, treasurer.

The society was extremely active throughout 1951 accomplishing much in the field of animal welfare.

During the meeting Mr. Levaillant, inspector for this district, was highly commended for his untiring efforts in keeping the animal population of Penticton and district under strict and constant surveillance.

The Penticton branch is credited with finding suitable homes for approximately 100 dogs and 50 cats during 1951. Many other unwanted, ill, and aged animals were humanely destroyed at the request of their owners.

Two successful prosecutions were conducted by the SPCA during 1951. The first involved the abuse, by beating, of a horse and the other a hit and run case, whereby a dog was left unattended following an accident.

The owners of several dogs were relieved of their animals because of neglect or temporary abandonment.

Once more the SPCA is voicing an appeal to the general public to help prevent accidents through which pets are often either killed or maimed — the victims of downtown traffic.

"People are inclined to taking their dogs down town and then forget them while they shop. Children attending the Saturday afternoon matinee at the theatre are warned to leave their pets at home because it is a long wait for the animal and he may not be there when his young master comes out of the show."

Club Collects \$415 For B.C. Polio Fund

Penticton residents have donated \$415 to the B.C. Polio Fund in the recent drive conducted by the city Kinsmen Club.

According to D. Nelson-Smith, chairman of the campaign committee, nearly \$75 came from the tins placed in city stores, the rest of the amount was donated through the mails.

"We hoped to realize \$700, the amount we collected last year," Mr. Nelson-Smith said. "Last year we had contributions coming in as late as May and we hope that people who have not contributed and wish to do so will still send in their donations to us."

The announcement was made at a meeting of the municipal council Tuesday by Parks Board chairman W. G. Snow.

YFC Speaker Tells Of Experiences On Scandinavian Visit

Penticton Youth for Christ last Thursday presented Don Taylor, of Winfield, as guest speaker at a large rally in the IOOF Hall. Mr. Taylor was with the Youth for Christ missionary team in Denmark last summer.

Of outstanding interest were his color picture slides of breath-taking scenes of England, Scotland, Denmark, Norway, and the Atlantic Ocean.

A genuine narrator, Mr. Taylor told of growing Christianity in the countries he visited, and spoke briefly on conditions in countries bordering the Iron Curtain.

Rev. J. A. Roskam of the Baptist Church announced that Youth for Christ Director Arthur George will be sent to Minneapolis to attend the Youth for Christ leadership training school during the Easter week.

There are 92 clubs in the four divisions of the Football Association League in England.

Scroll And Replica From Preston, England, To Be Displayed Here

Old Prestonians, now resident in the Penticton district, will have an opportunity to see the replica of the Preston, Lancashire, Town Hall clock tower and to sign the scroll which will be on display in Penticton, April 16 and 17.

The scroll and replica is being sent on a tour of 30 cities in Canada and the United States by the Preston Town Council, so that expatriates may share in the commemoration of the Preston Merchant Guild celebration.

The Guild was originally a form of merchants' trade union which was granted royal rights to control the trade monopoly within the boundaries of its city without the payment of fee or licence.

Women's Branch Of Similkameen Pro-Con Association To Meet

A round table discussion of association business will be held by the Women's Branch of the Similkameen Progressive-Conservative Association at a meeting in the Board of Trade rooms on March 7 at 8 p.m.

Invitations have been sent out to all centers in the Similkameen riding and it is hoped that representatives will be able to attend. Invitations are also extended to all local members and others who are interested in the work of the association.

Willie Schmidt Now With Nelson Leafs

Willie Schmidt, Penticton V's star defenseman and recipient of the most valuable player in the OSAHL award, is now sporting the colors of the WIHL Nelson Maple Leafs. Schmidt went over to the Kootenay team as a replacement for Gil Hooley, when the league circuit ended here.

Repeat Civil Defence Lectures For Nurses

Local and district nurses who were unable to attend the recent civil defence course in the nursing aspects of atomic, biological and chemical warfare are being given a second opportunity to take the course.

The first lecture in the repeat

series was given at the nurses' home on Tuesday under the direction of registered nurses Mrs. Louise Chambers and Mrs. A. M. Costley. The second lecture will be held tomorrow night at the same place.

This second course is being given largely for the benefit of those nurses, who because of their working hours, were unable to attend the first series.

WARM WELCOME — Cheerful greeting compensates for what seems to be a cold day in the RCAF's most northerly air station at Whitehorse, Y.T., as the first party of airmen since the war's end arrives fresh from RCAF training schools. Left to right, standing on the ground, are Airwoman S. I. Cockle, New Westminster, B.C.; M. M. Parsons, Port-au-Port, Nfld., and F. E. McClanahan, of Kirkland Lake, Ont.; Next row are C. E. Dunning, Cornwall, Ont.; L. D. F. Ward, Ottawa, Ont.; M. G. Hamilton, New Westminster, B.C. Back row are Leading Airwoman E. L. Cleveland, Camrose, Alta.; LAW V. I. Wilson, Vancouver, B.C. and AW G. Envy, of Harcourt, Nfld. and M. A. Boothmax, of Vancouver, B.C. Greeting them is Group Captain R. J. Gray, MBE, CD, of Amherst N.S., commanding officer of the station.

Four-Way Election Fight Assured For S. Okanagan

Dr. Miles Plesch, new member of the city Kiwanis Club, received his member's pin at the luncheon meeting of the club Tuesday.

KELOWNA — Election machinery in South Okanagan constituency started gaining momentum this week, in preparation for a provincial election in early June.

A four-way fight is definitely assured in this constituency. One candidate has already consented to allow his name to go before the nominating convention, while nominating committees have been set up by other parties, with a view of obtaining a suitable candidate. All party nominating conventions will be held by the middle of April, and with a four-way fight assured, a keen battle is anticipated.

The provincial government is expected to amend the election act at the current session of the legislature, authorizing the use of the single transferable vote in the June election.

Tom Wilkinson is the only candidate to date who has consented to allow his name to stand at the CCF nominating convention which will be held in Summerland on March 22. Harold Finch, provincial CCF leader, is expected at the meeting. The convention will be held at 2 o'clock and if Mr. Finch can attend the meeting, he will speak in the evening.

Mr. Wilkinson was the defeated candidate when he ran against W. A. C. Bennett in the 1949 provincial election.

Ex-mayor W. B. Hughes-Games, this week, admitted that he had heard rumors that he would be approached to allow his name to stand at the forthcoming Liberal nominating convention. Mr. Hughes-Games declined to elaborate, other than to say he was "an admirer of Premier Johnson."

R. F. Orlickshank, president of the South Okanagan Liberal Association, stated a nominating convention would be held within the next month or six weeks.

Bob Hayman, another party stalwart, said a great deal of interest is being shown in securing a strong candidate, and that a number of meetings have been held for this purpose.

H. A. Shirreff, president of the South Okanagan Social Credit League, said a nominating convention would be held in Kelowna in the middle of April. A nominating committee has been set up, he said, and plans are being made to carry out an active campaign throughout the constituency.

It is anticipated that W. A. C. Bennett, who crossed the floor of the House last year in protest of policies of the Coalition government, will be the unanimous choice of the South Okanagan Social Crediters.

The South Okanagan Progressive Conservative Association president C. G. Beeston, declined to reveal his party's plans. Asked if plans are being made for a nominating convention, Mr. Beeston replied "No, not yet."

"I can't say anything one way or the other. I'm not in a position to give out anything," he declared.

However, H. A. Truswell, stomped all rumors that he would contest the South Okanagan seat for the Conservatives. In recent weeks

Dr. George Paine Seriously Injured As Result Of Fall

Dr. and Mrs. Duncan Carswell of Braeside Orchard have received word that Dr. George Paine is seriously ill in Shaughnessy Military Hospital.

Dr. Paine hurt his back a few months ago, making it impossible for him to get around.

About a week before leaving Penticton, while Tom Warren was helping him pack, Dr. Paine fell over a pile of books in his room. He injured his back again, so seriously that it was extremely difficult for him to walk. Mr. Warren took him to Vancouver, where he was the guest of Mr. and Mrs. Douglas Dewar, of Point Grey Road, for several days until it was possible to move him to hospital.

It is now reported that he has a broken back, and is in a six-inch plaster cast from his hips to his chin.

He is critically ill, and indeed it is stated that for two weeks it may not be known as to whether he will actually recover.

Police Look In Vain For Owner Of Watch

Efforts of the RCMP here have so far failed to trace the owner of a valuable ladies' wrist watch which was found and turned over to the police recently.

A check of the watch number disclosed that it had been repaired by a Vancouver Jeweller for a "Miss Smith."

All Smiths in this district have been contacted but none claim ownership of the watch and police believe that Miss Smith may now be married and they have no idea what her new name is. Consequently they can only hope that she will decide to call on the RCMP in an effort to recover her property.

The watch is only one of many articles unclaimed by their owners. At the police office numerous bicycles stand unclaimed. Since the RCMP's last efforts to return the lost articles to their owners several more bicycles have been added to the store.

There have been rumors that Mr. Truswell would allow his name to be placed before a nominating convention.

"Merely street corner rumors," he stated emphatically. "There's no truth to it." Mr. Truswell thought a younger man should run under the Conservative banner. The ex-president of the SOPCA said it is up to Mr. Beeston to call a nominating convention. "I will fall in line with anything he does," Mr. Truswell stated.

Free Legal Advice For Indigents Urged By Local CCF Club

Penticton CCF Club, meeting Monday, unanimously endorsed a resolution favoring free legal aid for persons who are not in a financial position to provide their own. The resolution was passed after the members were told of 69-year-old man in Penticton who had been sued for non-payment of a \$215 hospital bill. The man appeared in court without a lawyer because he could not afford one.

Guest speaker at the meeting was Jack Snowsall, of Kelowna, who reiterated his party's stand on the principles laid down in the Regina Manifesto. He declared that the CCF's purpose was to establish in Canada "a co-operative commonwealth in which the principle regulating production, distribution and exchange will be the supplying of human needs, rather than the making of profit."

Also addressing the group was E. A. Reynolds who spoke on the Social Credit party in Alberta, which, he said, had repudiated many of the principles which had enabled it to gain power in that province.

The CCF party's next meeting will be held Sunday when the Similkameen Council will set a date for the nominating convention.

Teachers' Salaries At Vernon More Than Half School Budget

VERNON — Total estimated expenditure in the Vernon School District during 1952 will be \$607,222, according to the annual budget presented by school trustees at last week's council meeting.

Total grants (including Department of Education and conveyance grants, tuition fees and rentals) of \$223,067, and a surplus from 1951 of \$6,147, reduce the funds to be raised within the district itself to \$378,008 — an all time high for Vernon and surrounding territory. The City of Vernon itself has to provide \$211,533, or 55.96 percent of the total tax requirement. The balance is split between the provincial government (33.90%) \$128,144, and the Municipality of Coldstream (10.14%) \$38,330.

Teachers' salaries account for more than half of the entire budget at the record figure of \$381,785. Teaching supplies consume another \$14,950. Engineers and janitors take care of \$34,421; debt service totals \$52,447.50; repairs and maintenance is fixed at \$26,717.

Kiwanis Club weekly attendance prize was won by J. T. Young at the club's luncheon meeting Tuesday.

A directors' meeting of the Penticton Kiwanis Club will be held March 6 in the Royal Bank building at 7:30 p.m.

OPEN MEETING

Penticton Tourist Council

Tuesday, March 4th, 1952

Today more than ever

Choose the electrical appliance that gives you the most service for the most years

Choose G-E . . . and you'll get the most service for the most years!

Before investing in a refrigerator, washer or range—get positive proof of best value. Talk to the person who knows the best—a friend or neighbor who owns a G-E Appliance. They'll tell you how the years have proven their wisdom in choosing G-E. Be guided by their experience—put your confidence in the appliance that gives you the most service for the most years.

GENERAL ELECTRIC APPLIANCES

Would you deny yourself the best to save a few cents a week? Surely not! Yet that is the costly chance you take today . . . if you judge only by the price-tag.

When you buy any major electrical appliance you should ask yourself: "Will it still be serving me faithfully, fifteen years from now?" An apparent saving of ten—twenty—even fifty dollars—spread over fifteen years, is just a few cents a week. Can you afford to gamble when you look at it that way? Can you afford not to buy the best?

And doesn't it stand to reason that the name you know the best is likely to be your best buy? The name General Electric on any electrical appliance is your guarantee of a quality product made by the oldest, largest and best-known electrical manufacturer in Canada.

You owe it to yourself

...don't buy any appliance today until you've "quality-compared" it with a **G-E APPLIANCE**

Sports - Pourri

By SID GODBER

Life is full of worry and woe for Joe's like me. Just had a chatty column half written about the basketball games which come up Saturday, when my evil genius, Dave Roegel, came bounding in with his column that's nearly all basketball. So, with Dave being something of the temperamental type, I gave his column the green light and sadly ditched mine. All I'm going to say about Saturday's basketball schedule is to point out that the preliminary is a playoff and if the local intermediate A lads win, it might lead to a dominion championship playoff in Penticton. Saturday should also tell the story of just how good are this season's edition of the Omegas. The UBC team is no soft touch for coach Haas' boys.

City Council came through with what I think was the right decision when it voted for an arena floor last Monday. It was no small decision for council to make. True there was no argument, not even among the council members about the need of a floor, but council is responsible for a lot of other things and dollars are a scarce commodity.

Anyway, for better or worse, council took the plunge and now it is up to us—the sports fans of Penticton—to make sure the expenditure will be justified in the eyes of citizens generally.

To justify our clamoring for a floor we sports fans have got to see to it that it is put to good and constant use. The parks commissioners will have the headache of bringing in the big attractions but these need to be backed up with sporting and other events of local character.

One thing that seems to be almost a must is box lacrosse. Lacrosse is a thrill-packed game with barrels of spectator appeal. Some fans swear it is faster and more spectacular than hockey. Another big point in favor of starting now to organize for lacrosse, is that there is opposition ready made. Kamloops, Vernon, Kelowna, Armstrong and Salmon Arm make up a five team league. Maybe Penticton could horn in on that setup or, perhaps, the league could be split into north and south leagues to cut down on the travelling. Penticton would likely take a trimming the first year, but so did in hockey and it hasn't hurt us any.

But whatever it is, lacrosse, boxing, roller skating, dancing—that hardwood floor we're getting should be taking punishment in one form or another about every night in the week.

A CONUNDRUM

Mentioned last week the possibility of adding to the seating accommodation at the arena by extending the seats right to the walls of the building and putting the aisle alongside the boards. Along comes a letter from Mrs. H. C. Kent (published elsewhere) telling me very politely to go and have my head examined and I admit that Mrs. Kent has a good point. She points out that such a setup spoils a lot of the game for lower row fans whose view is blocked by others passing too and fro along the bottom aisle. That, of course, raises the question, would it be right to spoil games throughout the season for a lot of the spectators just to provide for that extra accommodation needed only on odd occasions? I'll turn that one over to the parks board chairman. Claire Way loves conundrums.

COFFEE ROW ARGUMENT

Some fans are questioning the selection of Don Johnston as the most valuable player on the V's. It isn't that they have anything against Don but they argue that the player winning the league award for the most valuable player should logically win the local award. Not a bad argument I'll admit, but I don't agree with it. For one thing it can be said that Willie Schmidt was crowned for his performances away from home, as only outside sports writers and radio sport spiliers were allowed to vote on the Penticton nominees. Actually the Penticton submissions were 1, Don Johnston, 2, Willie Schmidt and 3, Dick Warwick. Then of course comes the old argument of what constitutes a valuable player. First thing I go for is consistency—the man who, game in and game out, plays a steady game is an invaluable asset to a team—and that's Don Johnston. For color, for offensive play, Willie has 'Don beat in many ways but when it comes to old reliability—then it's Don Johnston.

Willie had his ups and downs—so did Johnston for that matter but not to the same degree. And as a clincher insofar as my vote went Johnston only served 22 minutes in the penalty box while Willie was the bad boy of the V's with 71 minutes. . . . and, believe it or not, I'm a Schmidt fan. Incidentally the trophy was awarded on the basis of six votes, two sportswriters, Dave Roegel and this writer; two members of the hockey executive and two hockey fans. It was, I'm told, unanimous for Johnston. And this I think is the opportune time to say thanks to Al Mather for donating a really splendid trophy.

Mind you it's no easy job to pick out the most valuable player, Dick Warwick could easily have been it—look at the scoring statistics—but Dick got hurt and was off form in quite a few games. Funny part about it, nothing is really settled with presentation of the awards. Coffee row will be arguing about them on through until next season with every one holding staunchly to their own choice—and that's the way it should be.

Willie Schmidt won't mind too much, however about all this. He has his handsome trophy for the most valuable player to his team in the OSAHL and he is the only member of the V's who is still playing hockey. Willie left last week to play for the Nelson Maple Leafs and according to reports is doing alright.

There's no doubt about it, Kev Conway was the most valuable man on the ice last Friday. They say a good laugh is better than any doctor's prescription and, on that basis, the spectators got their money's worth out of Conway's brilliant exhibition of goal tending. Apart from the big laugh, the Jamboree provided good entertainment, and performers, and everyone else who had anything to do with it, are to be congratulated. That goes double for the hockey club executive which toiled and milled behind the scenes.

A lot of people are predicting that the Kamloops "Elks" will win the Allan Cup. Can't see it that way myself—but I've guessed wrong before and could be wrong again. Anyway, for the honor and glory of the OSAHL, I hope they do—even though it will cost me a deuce.

PACKERS DRUB ELKS TO TIE FINAL SERIES

BATTLE SCARRED, BUT HAPPY, Penticton V's Don Johnston and Dick Warwick pose with the trophies and awards presented to them at the Hockey Club's Jamboree at the arena Friday night for their part in making the V's first season in the OSAHL a successful one. Big Johnston is holding the Mutual Life Insurance Trophy for the most valuable player of the V's lineup and the miniature which went with it. Johnston also won the radio, held by Dick, as the fans' choice of the most popular player. Warwick is displaying the Canadian Legion award presented to him as the highest scorer on the Penticton team.

Commercial Hockey Loop Teams Open Playoffs For Herald Cup This Sunday

With the OSAHL season over as far as Penticton is concerned, the playoffs of the Penticton and District Commercial Hockey League will hold the centre of the hockey stage beginning this Sunday.

The league schedule wound up on Sunday with the Summerland entry holding onto top spot with a hard won 5-2 victory over the Contractors, and the Merchants making a race out of it right to the wire with a 5-3 win over the Garagemen.

In a last attempt to overtake the league-leading Summerland crew, the Merchants had to fight right to the last before subduing the stubborn Garagemen.

The Merchants took a 2-2 lead in the first period, stretched it to 4-2 in the middle session, and both teams scored singletons in the final period.

Merchants' goalie Don Moog was a standout in the rugged contest as he turned sensational at times to turn back the Garagemen who were storming his citadel.

The Merchants lost Bill Dolynuk for the remainder of the season when he was on the rough end of a body check which cracked his clavicle.

SCORING SPREE In the Summerland-Contractor game, both squads played rugged, exciting hockey and until the five minute mark of the third period, when Summerland started on a scoring spree, it was anybody's game.

Carston gave the visitors a one goal lead in the first period but Fred Brooks and Evans combined to even the count early in the sandwhich session. Carston scored his second counter of the game to give Summerland the lead again, but Brooks came back with his second a few minutes later on a pass from May to deadlock the game again going into the third period.

Hooker broke the tie at the five minute mark and then Summerland could not be stopped as Carston completed his hat trick and Stelnenger banged in another insurance marker.

The win put Summerland out of reach of the runner-up Merchants by one slim point as the league ended.

The eight game, round robin playoff series for the Herald Trophy

will begin this Sunday when the Merchants will meet the Packers and the Contractors will tangle with Summerland in a doubleheader, at the arena.

Next Wednesday night the Merchants will take over the arena when the Garagemen meet Summerland and the Contractors play the Merchants. Game times are 7:30 and 8:45 p.m.

The Packers will meet the Contractors and the Merchants the Garagemen on Sunday afternoon, March 9.

EXHIBITION GAME Filling out the hockey fare for this week, the Penticton Commercial will play hosts to the Rutland Merchants at the arena tomorrow night in an exhibition game starting at 8 p.m.

The well balanced Rutland aggregation, which is currently playing in the playoffs of the Kelowna Commercial League, should give the local crew plenty of opposition and provide a crowd pleasing contest.

SUMMARIES Merchants vs. Garagemen First period—Merchants, 1, O'Brien 10:58; Merchants, 2, Morrish (Bill Dolynuk) 11:55; Garagemen, 3, Wyatt (Newton) 12:45; Garagemen, 4, Harris (Mahoney, Johnson) 15:20; Merchants, 5, Morrish (Reed) 19:40. Penalties—none.

Second period—Merchants, 6, Gryan (Morrish, J. Dolynuk) 7:25; Penalties—H. Belle, T. Belle. Third period—Merchants, 7, MacLean (Moore, Agnew) 2:13; Garagemen, 8, Belle (Harris) 14:44. Penalties—none.

Contractors vs. Summerland First period—Summerland, 1, Carston (Kato) 10:01. Penalties—Collins, Stelnenger. Second period—Contractors, 2, Brooks (Evans) 2:15; Summerland, 3, Carston (Taylor, Kato) 10:30; Contractors, 4, Brooks (May) 12:15. Penalties—Taylor.

Third period—Summerland, 5, Hooker (Kato) 5:36; Summerland, 6, Carston 9:02; Summerland 7, Stelnenger (Taylor) 13:22. Penalties—Watts.

The Dominion's largest lake is the Great Bear in the North West Territories.

HAT TRICK FOR HOSKINS

KELOWNA — Kelowna Packers scored a decisive 7-2 defeat over the Kamloops Elks before 2,800 fans, the season's largest crowd, here Wednesday to square their best of five final for the OSAHL championship at one game each.

The Kelowna win, a strategically planned victory with "Bernie" Bathgate, Andy Clovechuk and Johnny Millard held to a solitary shot on goal, assured at least two more games, one in Kamloops Friday and back here Saturday.

Outshooting the favored Elks in every period and partially demoralizing them with their tenacious fore and back checking, the Packers were never headed. Held to a 1-1 first period draw, Packers moved out front 4-2 in the second and then rapped in three unanswered goals in the finale.

Frank Hoskins took time off from covering Millard long enough to notch a hat trick. Jim Middleton followed with a brace and single tons went to Mike Durban and Jim Hanson and Harvey Stein and Bill Hryciuk counted for the losers.

First period—1, Kelowna, Hoskins (K. Amundrud) 1:13; 2, Kamloops, Stein (Brown, Taggart) 4:15. Penalties—H. Amundrud, Millard.

Second period—3, Kelowna, Hoskins (Kaiser) 2:16; 4, Kelowna, Durban (Daski) 4:48; 5, Kamloops, Hryciuk (Campbell, Jackson) 4:57; 6, Kelowna, Middleton (H. Amundrud) 16:36. Penalties—K. Amundrud, Fleming, Carlson.

Third period—7, Kelowna, Hanson (Middleton) 3:22; 8, Kelowna, Hoskins (K. Amundrud) 5:55; 9, Kelowna, Middleton (Robertson) 8:51. Penalties—None.

Referees—Stewart and Neilson.

KAMLOOPS—Kamloops Elks shut out Kelowna Packers, 3-0, before a packed home town arena Monday night as the Okanagan Senior Amateur Hockey League final playoffs got off to a rugged start.

Elks' big line of Bernie Bathgate, Andy Clovechuk and Johnny Millard sparked Paul Thompson's squad to the win as each man scored once.

The Elks popped in a goal in each period. Bathgate got the first one on a play with Andy Clovechuk. In the second period, Clovechuk finished off a pattern passing play with his two line mates for the night's masterpiece. And, in the last twenty minutes, Millard took a relay from Bathgate and Clovechuk and sickened his way neatly around goalie Roy McMeekin.

Both goalkeepers performed well throughout the game. Lorne Lusier was tested 21 times as he recorded his third shutout of the season. McMeekin was called on to handle 29 shots.

The game was a rough and tumble affair with Kelowna taking five of the seven penalties. Playing Coach Phil Hergeshelmer was given a major in the second when he hit Don Campbell over the head with his stick. Goalie Roy McMeekin took a penalty in the final for throwing the puck ahead of him.

KAMLOOPS—Lussier, Wilson, Taggart, Stein, Carlson, Brown, Bathgate, Clovechuk, Millard, Campbell, Jackson, Hryciuk, Terry, Fleming.

KELOWNA — McMeekin, Hanson, H. Amundrud, Daski, Durban, Roche, Hergeshelmer, Robertson, Middleton, K. Amundrud, Kaiser, Hoskins, Kuly, Carlson.

First Period—Kamloops, Bathgate (Clovechuk) 5:08. Penalties—Hanson, H. Amundrud.

Second Period—Kamloops, Clovechuk (Bathgate, Millard) 13:39. Penalties—K. Amundrud, Bathgate, Hergeshelmer (major) Campbell.

Third Period—Kamloops, Millard (Bathgate, Clovechuk) 16:24. Penalties—McMeekin (Served by Hoskins).

Referees—Smith and Neilson.

FINNING TRACTOR TROPHY

Presented for the first time this year to Leo Lucchini, of the Vernon Canadians, the Finning Tractor Trophy will be awarded annually to the player in the OSAHL judged the most gentlemanly and most sportsmanlike throughout the season.

The trophy is named after the Finning Tractor Co. of Vernon.

Omegas To Play UBC Jayvees, Lakers, Kamloops Red Devils In Hoop Fare Here Saturday

Local basketball fans will be offered a top flight bill of goods in the high school gym this Saturday when the Cranna's Omegas play an exhibition against the University of British Columbia Jayvees in the feature game, and the Penticton UCT's tangle with the Kamloops Red Devils in the second game of a two game total point series for the Valley intermediate A title in the preliminary.

The Omegas will be out to prove they are fit contenders for the provincial senior A hoop title and the UCT's will be trying to wipe out an 11 point advantage gained by the Red Devils in the first game of the series at Kamloops last week.

Saturday's game will give coach Bob Haas' Omegas an opportunity to see how they stack up in fast company before they begin their crucial best of three game playoff series with the Prince Rupert Jets here on March 13.

The Jayvees, intermediate A titlists last season, played exhibition games in the senior A class this year and were right up there with the Clover Leafs and Elers. They defeated the Clover Leafs three times vicinal crown.

"Ice Time" Promises Another Fun-Filled Night At Arena

About the last big show of the winter season at the Memorial Arena will be "Ice Time," the carnival that is being staged by the Glangary Figure Skating Club on Friday of next week.

The club, now ending its first season, will present local talent in various figure skating numbers with Patsy Hogarth, young and talented instructor, heading the bill in "Echoes of Show Boat."

Supporting the figure skating presentation will be a varied program designed mostly for laughter. The Peach Buds, pre-school boys who are learning to skate and play hockey almost before they have full use of their legs on terra firma, will make their first public appearance in what is billed as the hockey thriller of the season. The Buds are sponsored by the Knights of Columbus and will be under the eyes of J. J. Van Winkle and Pat Moon.

What promises to be an eye-filling spectacle on the one side and a big laugh on the other is the hockey game between presidents of the city's service clubs and a team of hells girls from the local telephone office.

Another innovation, insofar as Penticton is concerned, is the basketball game, on skates, scheduled between those old rivals the Jayvees and the Kinsmen.

Warwick Fifth In Final Standings Of OSAHL Scoring

Picking up steam and points as the season progressed, Penticton V's speedy centre, Dick Warwick, topped fifth position in the OSAHL scoring race, according to the final standings released this week by league statistician Bill Padley, of Kamloops.

With a total of 67 points, made up of 26 goals and 41 assists, Warwick moved right in behind the high scoring Kamloops Elks' foursome of Andy Clovechuk, Bernie Bathgate, Johnny Millard and Billy Hryciuk. Clovechuk, Bathgate and Millard were tied with 79 points each, while Hryciuk was fourth with 68 points, made up from 32 goals and 36 assists.

Warwick collected his total in only 43 games while Clovechuk played in 50, Bathgate and Hryciuk in 49, and Millard in 46.

Willie Schmidt was also right up there with the leaders, holding down twelfth place with 20 goals and 28 assists for 48 points, while Doug Kilburn was fourteenth with 47 points, made up of 19 goals and 28 assists.

Following are the final team standings, individual scoring results and goaltenders' averages.

FINAL LEAGUE STANDINGS

Team	GP	W	L	T	Pts	GF	GA	PIM	Ave.	Ave.
Kamloops Elks	50	38	24	7	83	261	163	458	5.22	3.27

GOALIE RALPH HENCH, of the Edmonton Mercuries, sprawls in front of his net as he makes a save in an Olympic hockey match against Germany at Oslo, Norway. The Canadians won this one in a walk and went on to capture the World hockey championship, the only Canadian representatives to make any sort of a showing at the Olympic Winter Games.

Hockey Club's Fun-Packed Finale Seen By More Than 2,000

A crowd of more than 2,000 turned out to see the Penticton Hockey Club's final show of the year at the arena on Friday night, and, like every show the V's have put on for their home town fans, the Jamboree was action-packed, with plenty of thrills and color.

Starring lovely figure skating champion, Sonja Currie, supported by a large and assorted cast of everyone from the V's themselves to the local bantam hockey players, the jamboree was a fitting finale to Penticton's debut into valley senior hockey.

Referee Bill Carse had his hands full in the opening act of the show when the Boston Bruins, coached by Merv Bregg and Kevin Conway, tangled with the Chicago Black Hawks, guided by Willie Schmidt and Ray Robson.

Bill's trouble was not so much with the players, who were the cream of the four teams in the local bantam hockey league, but with the coaches, who were all sitting in the penalty box when the game ended.

Following several selections by the colorful Canadian Legion Pipe Band, a team of local married women tried to prove their superiority over the teenagers in the domestic arts in a hilarious broom ball game. While the married women may have been hampered by a broom, the young girls had the decided edge in keeping their feet in the dangerous game.

Biggest noise of the carnival was caused by Rocky Richardson's shotgun when he started the chuck wagon races. When the smoke cleared and the audience regained its composure, the winning team of Kevin Conway and Art Davison were just coming into the home stretch. The other two teams of Don Johnston and Merv Bregg and Bob Montgomery and Dick Warwick cracked up on the first turn.

FIGURE SKATING CHAMPION Highlight of the Jamboree was a figure skating exhibition by lovely 15 year old Sonja Currie. The corner Calgary skater showed plenty of the ability which won her the Western Canadian Senior Women's Figure Skating Championship when she was only 13 years old.

The enthusiastic applause for Miss Currie had barely died away when her equally famous father, Frank Currie, former coach of the Edmonton Flyers, appeared on the scene with three barely recognizable helpers—Willie Schmidt, Doug Kil-

burn and Dick Warwick in an intriguing number entitled "Kitchen Kapers."

Absolutely led by comic artist Currie, the three V's displayed talent which never showed in the OSAHL season as they went through a delightful mop and pall routine. Willie Schmidt's gyrations in South American tempo were particularly sensational.

The season long argument as to who is the best puck carrier on the V's was settled once and for all Friday night with husky Merv Bregg the victor of the finals of the three heat competition. Bregg sailed across the finish line a few feet in front of Ray Robson, while the third finalist, Bob Holmes, brought up the rear after letting his puck get away from him on the first turn.

The outcome of the grudge hockey game between the Police "handcuffers" and the Firemen "hosepipers" will probably always remain a mystery as there was so much equipment—hydrants, road signs and a collection of pucks of various shapes and sizes—on the ice that it was impossible to keep track of the play.

The players, some of whom were obviously rocking their chairs in anticipation of the game, did accomplish one thing. They managed to subdue the meek, bespectacled referee "Nelsky" and handcuffed him into the penalty box. The firemen also subdued a blaze which broke out on one of their defencemen.

Sonja Currie's second solo was even more accomplished than her first as she finished the number of intricate figures, jumps and spins. Following a loudly applauded encore Miss Currie was presented with a bouquet of red roses by tiny Betty Ann Merrick, on behalf of the City. Another presentation was made to her on behalf of the Penticton Hockey Club by George Cady.

FINAL AFFAIRANCE After the presentation of the various awards and trophies, the Penticton V's lined up for their final hockey game this season as Johnston's Jokers took on Schmidt's Schmoes in a four man hockey contest.

Everyone got into the act, including coach Bill Carse who made an impressive debut on Penticton ice. The show was stolen by Kevin Conway, who switched places with McLelland in goal. Conway's talents as a comedian—comical and unconscious—far exceeded his ability as a net guardian.

The final score of the contest, which was refereed by Frank Currie, was 4-4, with Schmidt's crew giving Conway a rough time in goal. Conway won the loudest laugh of the night when he charged out of his net to check McLelland who got a breakaway. He stopped McLelland cold, but the puck drifted lazily for about 30 feet into the empty net so dramatically vacated by Kevin.

VERNON—The fifteenth annual Vernon Bantam will be held March 24-28 on five sheets of ice. All rinks are guaranteed six games at least.

Summerland Team Cops Commerck Loop Title As Schedule Winds Up; Merchants' Morrish Tops Scorers

Summerland's entry in the Penticton Commercial Hockey League emerged league champions by virtue of one point when the loop schedule wound up on Sunday. Final standings show the Summerland team one point up on the second place Merchants who chased them right down to the wire. Summerland boasts eight wins and two draws in league play, while the Merchants have eight wins and one tie.

In the individual scoring race, Merchants' George Morrish finished away out in front with 14 goals and 13 assists for 27 points. His closest rival for top honors was George Taylor, of Summerland, with nine goals and eight assists for 17 points.

Summerland's Lesie Campbell is the league badman with a total of 26 minutes in the penalty box including a match misconduct penalty.

Following are the final standings and individual scoring statistics.

Kiwanis Prepare For 5-Pin Bowling Classic

Penticton Kiwanis Club is making an all-out drive for commercial entries in the club-sponsored South Okanagan 5-Pin Bowling Classic to be held at the Bowl-A-Mor alleys March 24-25 inclusive.

This is the fourth annual event to be sponsored by the local club and entries from many parts of the valley are anticipated.

After the presentation of the various awards and trophies, the Penticton V's lined up for their final hockey game this season as Johnston's Jokers took on Schmidt's Schmoes in a four man hockey contest.

Everyone got into the act, including coach Bill Carse who made an impressive debut on Penticton ice. The show was stolen by Kevin Conway, who switched places with McLelland in goal. Conway's talents as a comedian—comical and unconscious—far exceeded his ability as a net guardian.

The final score of the contest, which was refereed by Frank Currie, was 4-4, with Schmidt's crew giving Conway a rough time in goal. Conway won the loudest laugh of the night when he charged out of his net to check McLelland who got a breakaway. He stopped McLelland cold, but the puck drifted lazily for about 30 feet into the empty net so dramatically vacated by Kevin.

VERNON—The fifteenth annual Vernon Bantam will be held March 24-28 on five sheets of ice. All rinks are guaranteed six games at least.

Don Johnston Most Popular; Most Valuable Player On Penticton V's

The Hockey Club's colorful Jamboree at the arena Friday night could have been called "Don Johnston Night." The big, reliable defenceman of the Penticton V's carried away a large share of the honors in the presentation of trophies and awards ceremony.

He won both the Most Popular Player award, and the Mutual Life Trophy for the most valuable player on the Penticton V's lineup. Dick Warwick was presented with the Penticton Branch Canadian Legion award for the player on the

Coy Cup Playoffs Start Here Tonight

Penticton fans will get a chance to see at least one game of Coy Cup brand hockey.

The initial phase of the Okanagan playoffs for the Coy Cup, emblematic of the B.C. intermediate championship, will be played in the arena here tonight between Kelowna and Summerland.

This will be the first of what is

tentatively set for a two game total point series. If the first game is not too one-sided, the second game of the series will be played in Summerland, probably on Monday.

Winner of the Kelowna-Summerland series will play Vernon for the Okanagan championship with the first game of the two game total goal series to be played at Vernon on March 4, and the second on March 7.

The Kelowna aggregation may have more trouble with the Sum-

merland crew tonight than recent events would indicate. Although the southern squad has lost twice to the Juvenile Packers, they will have four or five additional players in uniform for the Coy Cup series. Permission to use this extra strength was granted by the B.C. Amateur Hockey Association.

Commuters' hub: Montreal, Some 40,000 people enter and leave Montreal each day by commuter trains.

By Dave Roegle

The ice jamboree last Friday night capped a successful hockey season for Penticton's V's and the lads with the green and white uniforms have trailed off over the hill and commercial hockey and basketball are making the headlines.

This Saturday night the Omegas will gain some of the prominence they deserve when they play an exhibition game with the coast Jayvees. Although business has not been so good for the senior A club they have been going quietly about the business of planning and practicing for a serious 'go' at the B.C. Championship. It hasn't been a lack of fan appeal that has kept the mellow tossers out of the limelight as much as it has been the lack of competition. This will be remedied from here on in and the old school gym will be jumping again.

The Jayvees who are making the trip to our town, come bath night, are senior A calibre and, while Bob Haas and the basketball moguls locally have been throwing their chests out with confidence when referring to the Omegas, there is still some doubt as to just how good they really are. Saturday night will tell. The Varsity lads have polished off the former dominion champion Clover Leaf three times this season and in their only clash with the Bilers lost by just seven points.

Local hoop fans will recognize many of the stars on the lineup of the visitors. Some of the gang were here for the historic battle with the Penticton Intermediate A's two years ago in the uniforms of the UBC Braves. That was the routine 'tootin' series that ended with the University team winning a close one after three periods of overtime with the B.C. Championship at stake. Four of the Omega players have faced this gang before and will be looking for revenge of the sweet type. Willard Burgart, Bud Tibbald, Daryl Echleman and Ron Young all were involved in that battle.

YOUNG MUCH IMPROVED

Ron Young has improved considerably since that time and should cause plenty of trouble in the bucket position aided by playing coach Bob Haas. Dick Penn, who coached the Braves, is also head guy with the Jayvees and will probably be whispering words of warning to the fellows on the way up.

This big game is just one half of the doubleheader and the first clash will also be a real one. The Penticton UTC's have thrown their hat into the ring for the B.C. Championship in the Intermediate A division and also the Canada Junior crown. If the locals can overtake the 11 point lead the Kamloops team carries into this second game they will go on to the B.C. finals and a crack at the junior championship for the Dominion. The venue is in the west for this dominion series so, as Andy Bennie tells it, "we could have a Canadian championship final right here in Penticton."

To do all these things both senior and junior, the followers of the hoop game will have to get behind the effort with their support and their cash.

As Penticton hasn't an entry for Coy Cup play, the Summerland team will draw the attention of local fans as they go out in quest of the Intermediate hockey crown. Several Penticton players from the commercial league have hooked up with the club and from all appearances they should be a strong contender. Tonight they take to the ice for their first playoff game with the Kelowna Commercial team at 8 o'clock here in Penticton.

The Penticton Commercial League commences the round robin playoff series this Sunday to keep hockey interest alive in our arena. The Merchants and Summerland are favored to come out on top but anything can happen. Bill Dolynuk joined the growing list of sidelined players last Sunday when a hard

FEELING SEEDY?

How often do you feel so sluggish and headachy that you just long for the day to be over? You know those days. You feel tenth-rate from the time you wake up in the morning. Every hour seems like two.

Quite possibly you are suffering unnecessarily. If ordinary constipation and sluggish kidneys are preventing proper waste elimination your system is slowly being poisoned. That's what usually makes you feel all dragged-out.

Kruschen Salts are the answer. Because they offer the same benefits as several famous Mineral Springs, Kruschen Salts are a valuable aid because they act two ways—laxative and diuretic. Kruschen is a gentle yet effective laxative and also stimulates healthy kidney action.

Buy a package today. You'll be repayed a hundred times over in relief from the misery of a sluggish system.

KRUSCHEN SALTS
AT ALL DRUG STORES

check resulted in a cracked collar bone.

SOMETHING WRONG

The power line for the Kamloops gals made history with their record three-way tie for first position in the final scoring statistics of C.S.A.H.L. It was quite a struggle and by no means an accident. The line was kept off the ice most of the third period after Millard had reached the 79 point mark alongside his linemates. This is quite an accomplishment and the three hustlers earned their bit of glory with their fine play all season but, for myself, it has been spoiled a bit by the realization that they received a bit of help along the line from referees. The officials of course didn't score goals for them and we're not taking anything away from the line that is without a doubt the best in the league. The three, with or without statistics, are a potent scoring line, but it seems more than a coincidence that every time the line scored there were two assists handed out. This can happen quite often and does of course, but after the Elks last appearance here in Penticton it makes a guy wonder.

On one goal Clovechuk skated around the defence and into the corner and then laid a pass' out in front to Batgate who slapped it into the net. The referee skated over to the scorekeeper and, obviously with the threesome's scoring statistics in his mind, reported: Batgate from Clovechuk and Millard! So, you say possibly Millard figured in the play and we missed it. That could be, but it would be very difficult for a player to get an assist sitting in the players' box and that's where he was!

You figure that one out, and lots more like it, in your spare time.

Kelowna Takes Three In A Row From Canadians

KELOWNA — Kenny Amundrud, "The Kid" on the Kelowna Packers, could have had a first mortgage on Kelowna Friday if he had asked for it.

It was his unexpected goal at 16:09 of the third period at Vernon Thursday that broke up a 2-2 hockey epic and gave the Packers their ticket into the C.S.A.H.L. final hat into the ring for the B.C. Championship in the Intermediate A division and also the Canada Junior crown. If the locals can overtake the 11 point lead the Kamloops team carries into this second game they will go on to the B.C. finals and a crack at the junior championship for the Dominion. The venue is in the west for this dominion series so, as Andy Bennie tells it, "we could have a Canadian championship final right here in Penticton."

To do all these things both senior and junior, the followers of the hoop game will have to get behind the effort with their support and their cash.

First period—Scoring: None. Penalties: MacKay 2:44; Carlson 18:50. Second period—1. Vernon, Tarnow (Dheere, Stacey) 1:11; 2. Kelowna, Hanson (Roche) 12:18. Penalty: Hanson, 14:32.

Third period—3. Vernon, Lucchini (Andrews) 3:43; 4. Kelowna, Roche (Daski) 14:13; 5. Kelowna, K. Amundrud (Kaiser) 16:09. Penalties: Watt and Robertson, 4:26. Referees—A. Smith, W. Neilson.

Lakers Win Valley School Hoop Title; Beat Vernon 63-44

The Pen-Hi Lakers won the Okanagan Valley High School Basketball Championship in the Kelowna High School gym on Saturday when they defeated the Vernon Silver Stars 63-44. This is the seventh straight year the Penticton entry has topped the title.

The Pen-Hi Pogoes successfully defended their junior boys' Valley championship when they posted a one-sided 36-15 win over the Salmon Arm Junior boys. The Vernon high school senior girls won the championship pennant, defeating the Princeton girls 28-15.

In the senior game, both teams scored 15 points in the opening quarter, but the Lakers had pulled ahead 31-29 at the half. In the second half the Penticton crew outscored Vernon 32 to 15 for a well earned victory which gave them the Vernon Lions' Club Trophy.

Ron Friend and Bill Johnston paced the Lakers to victory with 14 and 13 points respectively, while Bill Gray and, Cec Clark led the Lakers with 14 and 13 points.

JUNIOR GAME
In the junior boys' game, the Pogoes took a 6-4 lead in the first quarter, increased it to 12-4 by half time and then coasted home.

Lakers — Boudreau 11, Friend 8, Johnston 13, O'Connell 9, Friend 14, Bowfield 4, May 4, Puddy, Jordan, Total—63.

Silver Stars—Clark 13, Gray 14, Hill 12, Brown 6, Garbutt, Desjardins, Leo, Lemski, Murakami, Total—44.
Pr. Pogoes—M. Armstrong, B. Armstrong 6, W. Peterson 3, D. Peterson 2, Gustron 3, Hummet 8, Drossos 2, Burich 2, Preen 4, Rico, Harpison, Deogavani, Total—35.
Salmon Arm—Stubbs 6, Wollensky 3, Thorenson 4, Minifie 2, Agawa, Waters, Jewell, Krawase, Total—15.

Good Schools An Investment In Community

Towns grow best by attracting families. Such was the comment of Dr. T. F. Parmley, school board chairman, who spoke before his fellow Rotarians in the Incoia Hotel on Monday.

School facilities are a most important factor in attracting such families, he further emphasized. It follows, then, that good schools are a good investment in promoting future growth.

Schools should be a focal point of community pride and spirit, Dr. Parmley also stressed, in explaining that the new gymnasium here is virtually completed, with the new auditorium to be ready in several weeks' time.

The speaker appeared before the club under auspices of the community service committee, in relation to education week observances, and his speech took the form of answers to eighteen questions put forward by Rotary International, in assessing the educational status of any community.

Dr. Parmley showed, in the course of his remarks, that local educational effort takes its place with the best, as envisioned by the Rotary enquiries.

Martin Deacon, city librarian, was presented with a four year perfect attendance pin, at the luncheon meeting of the club on Tuesday.

Okanagan Flood Control Project Is Still Being Kicked Around At Ottawa

Is the Okanagan being given the "run around" by the federal government regarding the implementation of the Okanagan Flood Control Scheme?

That is the question being asked by O. L. Jones, M.P., after examining correspondence received during the past two weeks regarding the implementation of proposed flood control measures.

Despite the fact that Hon. R. W. Mayhew, federal minister of fisheries, in telegrams to various civic and government officials on February 1, stated that the dispute over fish conservation had been cleared up, correspondence which has since been received from another source indicates that details of the proposed project are far from complete.

The joint engineers' report on Okanagan flood control was tabled in the House of Commons more than five years ago, and since that time, \$2,000,000 has been earmarked for the project. During the past year, however, work has been held up by controversy between American and Canadian authorities over the installation of fish ladders.

Mr. Mayhew, in telegrams sent to Penticton's mayor, W. A. Rathbun, Maurice Finnerly, MLA (Similkameen), O. L. Jones, MP (Yale), and

A. W. Gray, Rutland, said the public works department is ready to proceed with the work and that he did not anticipate further delay.

Now, Mr. Jones has since received a letter from Hon. Alphonse Fournier, minister of public works, which states the international joint commission has been studying the scheme, at some length, but that the commission's report has not been submitted to the government.

Before leaving for Ottawa Friday afternoon to attend the opening session of Parliament later this week, Mr. Jones also contacted K. W. Morton, federal engineer at New Westminster, and the latter is alleged to have told the local M.P. that he was not aware of any new developments and that insofar as he (Morton) was concerned, "things stood just as they were a year ago."

Mr. Jones said he would endeavor to get a further explanation when he interviews federal government officials later this week.

FISH LADDERS

Mr. Fournier's letter said the International Joint Commission is recommending against the inclusion of fish ladders in the dams and that it is proposing that construction of the structures in the first two sections be proceeded with while a further study is made of the spawning grounds in the third section.

The project, jointly financed by provincial and federal governments is designed to set a fixed maximum water level and provide an orderly runoff. It was estimated the fish ladders would cost an additional \$250,000. Canadian governments have refused to pay for this extra expense.

TEXT OF LETTER

Following is a copy of the letter Mr. Jones received from the Hon. Mr. Fournier:

February 12, 1952

"Dear Mr. Jones: "This will acknowledge receipt of your letter of the 5th instant regarding the Okanagan Flood Control Scheme. As you know, this matter was referred to the International Joint Commission and they have been studying it at some length. It is understood, however, that they are, in agreement on the form which their report is to take to the two governments, but this report has not yet actually been submitted.

"I understand that the commission is recommending against the inclusion of fish ladders in the dams and that they are suggesting that the construction of the structures in the first two sections be proceeded with while a further study is made of the spawning grounds in the third section. As the various structures involved will undoubtedly take longer to build than the time required for the rectification of the channel in the third section it is not considered any material time will be lost in the completion of the work.

"As soon as the report has been received and approved by our government we will be notified and the way will then be clear for us to authorize the Province of British Columbia to proceed with the work.

"Yours faithfully,

"ALPHONSE FOURNIER."

Following is a copy of the letter Mr. Gray received on February 8 from Hon. Mr. Mayhew:

Ottawa, February 8, 1952

"Dear Mr. Gray—I have your letter of February 2nd, regarding flood control in the Okanagan Valley. I have today checked with the department of external affairs and find that they have not yet received claims from the United States State Department. As soon as this has been received I am told that our public works department is ready to proceed with the work.

"My understanding is that the plans have been prepared by engineers of both governments and the cost will be borne jointly on a fifty-fifty basis. I take that to mean that this will cover the whole project. Premier Johnson is in Ottawa now and in talking to him about it he confirmed my understanding of the arrangements. I am sure there will be no undue delay in getting the work started.

"Yours very truly,

"R. W. MAYHEW."

Holiday Opening Of Garages And Service Stations To Be Discussed

Mayor W. A. Rathbun was authorized by council Monday to arrange an early meeting with the Penticton Automobile Association to discuss opening hours of garages and service stations on Sundays and holidays during the summer months.

The Association wrote council expressing its willingness to meet with that body, declaring: "The feeling is, at the present time, that without control of these additional hours of opening the garages cannot afford to give complete mechanical service. If, however, there was a set system for these additional hours whereby the garage, or service station, open would be assured of all business during that period, they would then be able to provide full service instead of merely the sale of gas.

"It is felt that this would be more to the advantage of the public than as the system stands at present," the letter concluded.

ST. PATRICK'S DANCE

Penticton Kiwanis Club is sponsoring a St. Patrick's Day dance for club members and friends on March 14, in the Hotel Prince Charles. Saxie's Orchestra will provide music from 9 p.m. to 1 a.m.

Labor Costs Cut Deep Into Growers' Returns Gov't Survey Reveals

OTTAWA—The Economics Division, Canada Department of Agriculture, has recently released the report of an apple production study conducted in 1949 in Okanagan Valley orchard districts.

The objectives of the survey were (1) to study the organization and financial returns of commercial orchards during the year 1948-49, (2) to determine some of the factors responsible for the variation in operator income and (3) to secure information on apple production in the Okanagan Valley as part of a general study of Canada's apple industry.

For purpose of analysis the 165 records obtained were divided into three groups according to origin—Northern Okanagan, Southern Okanagan and Salmon Arm.

In the respective districts the average investment per farm was \$25,815, \$28,880 and \$29,475; average cash receipts were \$8,718, \$7,249 and \$6,700, receipts from the sale of apples making up 77 per cent, 56 per cent and 85 per cent of the total. In all three districts, hired labor was the major expense.

The average labor earnings after allowing interest at four per cent on the total investment and adding the value of prerequisite were \$2,405, \$1,896 and \$1,564 in the respective districts.

On 62 of the orchards in the 1949 survey, records had also been taken in a similar survey conducted in 1940. The average labor earnings of these farms were \$897 in 1939 and \$2,035 in 1948.

Yield, percentage of culls, size of farm business and labour efficiency were the most important factors affecting labor earnings.

Spring Wardrobes By Home-Sewers

Experienced home-sewers are well acquainted with the "pennies earned" by making their own clothes, and also appreciate the high style plus individuality that can be achieved. So, before we go any further with our sewing plans, we should cast our glances to the spring fashions of 1952.

This year you can be truly feminine. Skirts are full and waists are smaller than ever. As you whirl and twirl in your pretty new dress, we'll expect to see a ruffled petticoat combined with crisp crinolines to help your skirt stand out. Horse-hair braid can be used with some materials to give the same effect. If you wish to have this fashionable silhouette, you'll have to start to get the waistline down. Now is the time to plan and work for the effect you wish to achieve later on. New corsets and girdles are available to emphasize the smaller waists. However, a few bending-down exercises and cutting out the cakes and pastries will go a long way towards helping you get into these new garments. Fancy fitted belts and tight cummerbunds are used to focus attention on the waistline. Hips can be slightly padded; sleeves are bigger and fuller at the top. Waist length jackets, capes and small wraps have appeared to be worn with the wide skirts and can be made of almost every type of material. This year the princess silhouette is back with all its grace and beauty. Strapless dresses are popular, and combined with a small bolero, give you double-duty wear. Skirt lengths still vary according to the type or style of the garment and are best determined by your own height, but the latest forecast is that they will be worn "a little longer" again.

Speaking of skirt lengths turns our attention to stockings which are perfectly gorgeous and made in many new eye-catching designs... some with embroidered cloaks, monograms, little floral patterns worked on the side or whirling up the seam at the back of the stocking. Seams and heels are outlined, or if you are wearing sandals, you'll find hosiery with no double toes or heels at all. There is a large assortment from which to choose. They're all beautiful, sheer and colorful.

The sheath dress is still in the picture and must not be overlooked as a perfect basic costume. It can be worn by itself, with a fancy belt, lacy lingerie collars or bows, changes in jewelry or with a sheer full all-around apron to give you an afternoon dress-up dress. It can be complemented with a little jacket for a trim costume look.

Dressmaker suits are made from light weight wools, wool substitutes, gabardines, linen, corded silks and shantung. Skirts can be flared or pleated according to your own taste. Blouses are sheer, delicate and lacy. The return of the princess silhouette means becoming clothes for everyone. It has the prettiest, most flattering lines for every type of feminine figure and can be chosen by teen-agers and grandmothers alike. Colors are the trend and should be chosen wisely in order to bring out the best in your own complexion and personality. It's going to be a lovely spring ahead... each and every one of you should be the "prettiest lady in the Easter Parade."

CLEAN COFFEE POTS

One need never have a fear as to the fresh flavor of the coffee if the pot is given a dose of baking soda once a week. Simply put a tablespoon of soda into the pot, fill with cold water, and let it boil for just a little while. Rinse with warm water. This will keep the pot in spotless condition.

The tiniest ball fringe imaginable trims the tiny collar of a pale blue or grey linen sleeveless blouse. The blouse can also have buttoned patch pockets. The blouse would also be smart in bottle green or navy.

Mrs. Quentin Reynolds Compares Blue Bonnet — Likes It Best!

Here's a hint from Mrs. Quentin Reynolds, Compare Blue Bonnet Margarine with any spread at any price. Like the noted journalist's wife, you'll love Blue Bonnet's fresh, sweet flavor! Rich nutrition! Real economy! Blue Bonnet is fine quality all-vegetable margarine. Use Blue Bonnet in cooking on vegetables, as a delicious spread. Buy Blue Bonnet and get "all three" — Flavor! Nutrition! Economy!

Blue Bonnet Margarine is sold in two types — regular economy package with color wafers, and also in the famous Yellow Quik bag for fast, easy color.

Needlecraft News by Pauline Roy

SPRING is here! Or at least it's just around the corner and with it comes the usual flurry of spring cleaning, shopping for new articles for the family wardrobe and for the home. Yes, spring is the time of year when we feel like making a fresh start and then by a short while we just want to settle back and take life a little easier. So let's put that early energy to work this year before it goes off on its own.

You homemakers don't have to be told where to exert yourselves. It's right in your own homes — living room, bedrooms and dinettes. They're fine as they are — or at least they've satisfied you and your family through the winter months, but spring does strange things, and now you feel that your home needs many improvements. The man of the house has his share of the work, but a shuttered front door, a fresh coat of paint, taking down the storm windows and putting them away and getting the gables and roof cleaned, scrubbing and polishing and sewing new curtains, covering cushions, and so on.

When this interior decorating campaign is going on here are a few ideas which may help you. Fabrics play an important part in the appearance of your home. There are some fabrics that are as suitable in one type of room as in another. This is particularly true of rough textured fabrics. But generally your choice of fabrics should be guided by the texture and color of your room. In the modern room you can use one of the many interesting textures and weaves effectively. To mention just a few: rough textured wools, cottons and chenilles; the homespun in smart colors, chintzes and linens, faille, woven checks and stripes. In modern decorating plain colors or two-toned effects are much more popular than figured fabrics.

With 18th Century decor, on the

other hand, you can use moires, velvets and satins, damasks, lighter weight brocades and reps. Remember that the colors you choose for your fabrics should be in harmony with the color scheme of your room.

After you've finished the general redecorating such as drapes and slipcovers you might want to add a few brightening touches. And what could be prettier than a bright new doily crocheted in color. Floral doilies are the newest thing in the world of crochet and one of the most fascinating. Here's a spring flower favorite, the daffodil, worked in two shades of yellow into a crocheted border for a pale green center. Finished, the doily measures 14" in diameter. A direction leaflet for DAFODIL DOILY, Leaflet D-214, is available to you without charge, if you will send a stamped, self-addressed envelope to this paper.

Eastern Star Order Gives Free Dressings To Cancer Patients

Surgical dressings free to all cancer patients irrespective of color, race, creed or economic standing is the purpose of the Order of the Eastern Star and its members, who contribute uncounted hours to the making of these dressings.

Free cancer dressing service was established in Vancouver by the OES in 1946. Five years later and as the results of that original idea the order now conducts 22 stations throughout British Columbia and has spent \$38,000 on the project.

Shortly after the first cancer dressing service was organized at the coast Penticton's Order of the Eastern Star, Edina Chapter, established one here in 1947 under the convener of Mrs. H. H. Whitaker.

Among the members, who took a very active interest at that time in the new OES project was Mrs. J. L. Hooper, who later became convener of the local group and was appointed to the provincial executive of the free cancer dressing service.

Other Eastern Star stations were established in the Okanagan Valley and Mrs. Hooper was named district supervisor of these groups in Kelowna, Summerland, Penticton and Oliver.

Currently serving as convener of the Penticton group Mrs. Hooper is assisted by Mrs. George Phipps, co-treasurer; Mrs. W. Watts, secretary; Mrs. Fred Paul and Mrs. H. A. LeRoy, recorders of stock; and Mrs. Cliff Greyell, Mrs. A. D. McCune and Mrs. Jessie Cousins, collectors of used material.

The local group meets each Friday in the Masonic Building and up to May 1951 had made over 7600 dressings that were either distributed locally through the doctors or health nurses or sent to Vancouver headquarters in the Cancer Institute.

The Vancouver OES work groups are temporarily situated in the Vancouver General Hospital until such a time as the special room, now under construction at the Cancer Clinic, is completed for their use.

The free cancer dressing service is entirely an Eastern Star project and the only appeal made to the public is for used materials such as threadbare sheets and other linens. These are used by the members for making casings in which dressings are sent to the hospital to be sterilized.

Donations of these used materials can be left at Cliff Greyell's Radio Shop.

The average Canadian eats two to three slices of bread a day.

BRASSO

FOR A LASTING SHINE

The Recipe Corner

Fish and cheese can be used in many appetizing ways to add variation to dinner menus during the Lenten season. The following recipes offer suggestions to those who forego meat at this time.

CHEESE RICE SOUFFLE

1 cup cooked rice
2 tablespoons butter
3 tablespoons flour
1/2 cup milk
1/2 pound sliced processed cheese
4 eggs, separated
1/2 teaspoon salt
Pinch pepper

Melt butter in top of double boiler, stir in flour, blending well. Add milk, cook over boiling water until thickened, stirring constantly. Add sliced cheese, stir until melted.

Fold in beaten egg yolks, seasonings and cooked rice. Beat egg whites until stiff, fold into mixture. Turn in greased baking dish. Bake in moderate oven (325 F.) for about 40 minutes. Serve immediately. Serves 6.

SALMON CASSEROLE

1 cup elbow macaroni
2 cups medium white sauce
1 1/2 cups flaked salmon
2 cups diced cooked carrots
1/2 cup grated Canadian cheese.

Cook macaroni in boiling salted water until tender, drain. Place half of it in greased baking dish, cover with flaked salmon. Pour half of white sauce over fish. Place carrots and remaining macaroni in layers over top, pour remaining white sauce over all. Sprinkle top with cheese. Bake in 350° F oven for 45 minutes. Makes 6 servings.

JAM UPSIDE-DOWN SHORTCAKES

Combine 1 tbs. soft butter, 3/4 c. thick jam, 1 tbs. lemon juice and, if desired, 1/2 c. broken nuts and divide between 6 greased individual baking dishes. Mix and sift twice, then sift into a bowl, 1 1/2 c. once-sifted pastry flour (or 1 1/2 c. once-sifted hard-wheat flour), 3 tps. Magic Baking Powder, 1/2 tsp. salt, 1/2 tsp. grated nutmeg and 1/4 c. fine granulated sugar. Cut in finely 5 tbs. chilled shortening. Combine 1 well-beaten egg, 1/2 c. milk and 1/2 tsp. vanilla. Make a well in dry ingredients and add liquids; mix lightly. Two-thirds fill prepared dishes with batter. Bake in a moderately hot oven, 375°, about 20 minutes. Turn out and serve hot with sauce or cream. Yield—6 servings.

High School News... The Big Eye

By
BEVERLY HILL AND JOANNE VAUGHAN

HI-Y GUEST SPEAKER

To a very attentive audience at a recent HI-Y meeting, Bridget Kerwer gave a talk on the school system in Germany. Bridget attended school in Germany during the war.

Bridget thinks the exams are harder and the teachers are stricter. The subjects, however, are much the same. The German school gyms are very well equipped and five periods are held weekly from 8-9 o'clock. The girls and boys attend separate schools—high school for those between 10 years and 18 years, and university for those 18 years and older. No dances or meetings are

held during the school year, but a music festival is held once a year. All students travelled to school in the back compartments of trains as the buses were considered very dangerous.

Uniforms were worn by the students—white with a black scarf, black shoes and white socks. The school buildings were of stone, and looked forbidding and dark. The windows were opened only after each period. Recess was a 15-minute period in the morning, and school finished for the day at 1 p.m. Children were allowed out at night, and those between 18 and 19 years of age were allowed to see the first show.

Canada was thought to be part of the USA.

All this should greatly enlighten you about the school conditions in Germany. Aren't you glad you live in Canada?

FIRST JOB
An interesting review was recorded last week between Lashley Haggman as the employer and David Pritchard as the prospective employee, and also with Mrs. Mitchell as the employer and Gerry Riddell as the employee.

Mrs. Mitchell and Mr. Haggman were from the unemployment bureau, and Mr. Haggman presented another in his series of enlightening talks.

"Clothing is very important when applying for a job," said Mr. Haggman. It must be clean, neat, inexpensive, well pressed, and with no pockets bulging. Shoes must be in good condition and well shined. Make-up must be properly applied, but inconspicuous in the way of nail polish. Hair should be in good order and nails should be well-manicured.

You should sit relaxed, with the feet on the floor and the arms in a natural, relaxed position. Keep the back straight in a manner to seem confident, and above all, sit with poise.

Do not smoke unless suggested by the employer or unless you ask his permission. Don't chew gum. Be very careful with your language and grammar. Answer if asked and don't elaborate. Speak respectfully of previous employers, of your school, your teachers, and of fellow students.

These were some of the rules suggested by Mr. Haggman to be applied when being interviewed for a position.

If you follow these rules, kids, you shouldn't have any trouble when the big moment comes and you are applying for a job.

GRADE NINE ASSEMBLY
Last week the students of the Junior high school gathered in the gym to hold their annual assembly.

Mr. Grant spoke on behalf of the students. Mistress of ceremonies was Pauline Foster. The list of events is as follows: Dutch Game by 9-D, Penticton Gentlemen's Aid by 9-C, 9-E talents ("Sunshine of Your Smile" sung by Carol Wyatt, and "Because" sung by Arlene Gartrell) and a 9-B play entitled "Party Line".

Sounds like fun!
See you next week, kids.

—JOANNE

Tuberous Begonias Can Be Cultivated With Little Effort

With relatively little effort, it is possible to grow beautiful plants of tuberous begonias and gloxinias. Both are tuberous-rooted plants that favour a warm atmosphere. They can be started off in flats of moist peat moss or a mixture of peat moss and soil. It is necessary only to tuck the tubers into the peat moss half way down. Do not bury them, says Dr. A. P. Chan, who has charge of the greenhouses at the Central Experimental Farm, Ottawa.

When planting begonia tubers, keep the depressed side up and the round side down. This is also true of the gloxinias. The latter, however, are almost ball-shaped, and it is sometimes quite difficult to tell which side should be up. Occasionally the tubers will show tiny sprouts on the top, which would then of course simplify matters.

Watering at this stage is quite critical. Keep the peat moss damp, but try not to water the tubers themselves.

After the tubers have rooted, they should be transplanted to pots. Smaller pots tend to produce earlier blooms, so do not use too large a pot. Tuberous begonias make excellent pot plants but are equally good for the garden. Most people regard begonias as being suitable for outdoors only, and in shady places in the garden. Actually, they will thrive in full sun, provided they get enough moisture. To insure adequate moisture, dig in ample leaf mould or peat moss into the garden soil, prior to planting out and then mulch the soil generously, after the plants are in place.

Gloxinias are slightly more de-

licate, and Dr. Chan recommends their use as pot plants only. A sheltered spot on the patio would be satisfactory. Gloxinia leaves will be marked with spots if the watering is not carefully done, so try to keep water off the leaves if at all possible. If the leaves show a general discoloration and are small, it is a good indication that the plants are getting too much sun; if they are tall and spindly, they are not getting enough sun.

Towards the end of summer, both these plants will start to turn yellow. At this time, water the plants only when they start to wilt. When they die down completely, remove the tubers from the soil and store in a cool place. Storing in bags of peat is very satisfactory. In the early part of the following year, the tubers may be started in flats of peat again and the whole process repeated.

Use Of Chemical Fibres On Increase

The growing use of man-made chemical fibres in the clothing industry was commented on by T. W. Bryant when he spoke briefly before his fellow members of the Rotary Club here on Monday.

Until 1904 wool, flax, cotton, and silk were relied on. Then rayon appeared. Since then, in ever growing volume, five other such man-made fibres have entered the picture.

Mr. Bryant discussed the wrinkle and abrasive resistant features of these materials. Rayon, made from wood pulp, is oldest. Nylon, a coal-tar derivative, is the strongest. And all have certain features to recommend them.

"Still it's hard to beat nature's own sheep wool," he concluded.

Diver To Examine Kelowna Domestic Water Intake Pipe

KELOWNA — A diver will shortly come to Kelowna to examine the bed of the lake in the vicinity of the domestic water intake pipe, Alderman Jack Treadgold told City Council at a recent meeting.

George Meckling said the diver would also be used in connection with construction of a "dry well" at the sewer disposal plant, and that he would examine the intake pipe while he is in the city.

Mr. Treadgold stated an exhaustive investigation is underway in an effort to ascertain why temperature of domestic water has jumped

ed in recent years. "There are many factors," he declared, "and it could be the result of the culmination of several things."

Many varieties of apricots grown commercially in Southern British Columbia have various weaknesses and none of them is sufficiently hardy to withstand such winters as 1935-36 and 1949-50 without killing fruit buds and seriously injuring the trees.

The Summerland Experimental Station obtains and tests promising apricot varieties from foreign sources. In addition, an extensive breeding project has been undertaken and a constant watch maintained for promising chance seedlings that occur in commercial orchards.

The desirable features which are kept in mind in selecting a new variety are vigour, hardiness and productivity of tree; and size, quality, attractiveness, firmness and freedom of pit in the fruit.

At present, says A. J. Mann, the station has under trial 2,968 seedlings apricots and 49 named or numbered varieties. The fruit of each of these trees is evaluated, selections made and undesirable seedlings and varieties discarded as rapidly as possible.

From the earlier years of these tests, the variety Reliable has emerged as a promising selection. Trees of Reliable are now available from commercial nurseries. Descriptive sheets indicating characteristics of the Reliable apricot are available from this station and from District Horticulturists of the British Columbia Department of Agriculture.

Only 1/14th of the land area of the Dominion has been improved by man or used as pasture.

I Was Nearly Crazy With Fiery Itch—

Until I discovered Dr. D.D. Bennett's amazing skin cream, my skin was nearly crazy with fiery itch. It was caused by eczema, pimples, rashes, athlete's foot and other skin troubles. Trial bottle, 45¢. First application checks even the most intense itch of money back. Ask druggist for Dr. D.D. Bennett's (ordinary or extra strength).

Value Of Kelowna's Taxable Land Shows Increase Of \$754,377

KELOWNA — Assessed value of taxable land and improvements showed an increase of \$754,376.90 over 1951, according to figures compiled by City Assessor J. E. Markle. Based on last year's levy of 100 per cent land and 50 per cent improvements being taxable, the 1952 taxable values would bring in \$7,966.94 for each mill levied. Last year a mill was worth \$7,977.91.

City Council Monday was informed of the total taxable assessment of land and improvements now stands at \$13,821,032.91. However, another \$2,405,542 is exempt, which would bring the total assessed value to \$16,226,574.91.

There are 3,804 parcels of land on the assessment roll. Of these, 892 are unimproved, and 2,912 improved as follows: residential, 2,491; commercial, 202; industrial, 162; institutional, 57.

During the recent court of revision, 27 appeals were heard, and 23 received consideration, amounting in a reduction of \$180.50 on land and \$8,786.75 on improvements.

Assessed value of taxable land totals \$2,112,854.80, and improvements of \$10,777,497.66 in 1951. Land valued at \$33,417 and improvements valued at \$2,068,125 are on the exempt taxation list, while in 1951, the exemption amounted to \$382,852 for land and \$1,994,650 for improvements.

Fifth Annual High School Conference To Be Held March 7, 8

The fifth annual high school conference, to be held on the campus of UBC March 7 and 8, is expected to attract about 120 teachers from many parts of this province.

Three Penticton teachers attended the 1951 conference but it is unlikely that this city will be represented this year.

The conference coincides with Education Week and also with the university's open house.

Lectures will be given in the mornings and in the afternoons at which the various fields of university work will be taken on a tour of the university and the conference will end with a banquet and dance Saturday, March 8.

In Canada and the United States are probably one million persons whose hearts have been damaged as a result of rheumatic fever.

THE ODDS against a triplet birth in cattle are 30,000,000 to one, which makes these Holstein calves, shown with Evelyn Law, something special. They were born on the farm of Thomas Connell at Schomberg, Ont.

Very Rev. Watt Conducts Services At Kamloops-Okanagan Presbytery

The Very Rev. Hugh Watt, of Edinburgh, former moderator of the Church of Scotland, who has been conducting a course of lectures at the Union College in Vancouver, officiated at devotional services when the Kamloops-Okanagan Presbytery convened at the United Church in Penticton recently.

Similar privileges were afforded Dr. W. P. Bunt, superintendent of missions, and to Padre R. H. Dobson, who is en route to Korea as chaplain to the Canadian Brigade.

Reporting pastoral changes the secretary Rev. G. G. Harris of Naramata mentioned the retirement of Rev. R. E. Morrison who has been fifteen years in Kamloops United Church and 43 in the province. Rev. Gerald Payne is to leave Vernon in June and Rev. H. R. McGill has announced his intention of retiring from the Peachland - Westbank charge. Rev. Stewart Crisdale has accepted a call to Colborne St. Church, Brantford, and Rev. W. E. Sieber may leave Golden this spring. All these changes take place in June.

The evening meeting on Tuesday was featured by a very fine worship service conducted by the Naramata Christian Leadership Training School. Two anthems were sung and prayer, scripture reading and an address were given by members of the school. Dr. Watt gave an inspiring address on "The Word of God" illustrated by scenes from church history.

The committee on salaries, Mr. Fred Cox, convener, reported that all charges had met their minimum

THERE ARE MANY... REFRIGERATORS but only ONE

FRIGIDAIRE

Frigidaire is the original and is made by General Motors

These are the facts

which account for the preference of so many people for Frigidaire. Thousands of dollars are spent annually in engineering research to keep Frigidaire out ahead of all others in beauty, economy of space, and durability. The five year guarantee of the unit is a feature that makes Mc & Mc proud to recommend Frigidaire to every householder.

You can own...

a Frigidaire — Mc & Mc in Penticton will take your old refrigerator or ice box and allow a generous trade-in offer. Then by using the Mc & Mc budget plan payments are spread over 18 months and you will own the peer of all refrigerators, General Motors Frigidaire. There is a choice of 6 sizes and models to suit your needs. Why be without a Frigidaire when Mc & Mc make it so easy for you to own one?

Remember

Mc & Mc has Frigidaire and Frigidaire is the best — and a Frigidaire can be yours by taking advantage of the liberal trade-in allowance now being offered by Mc & Mc in Penticton. Have Mc & Mc appraise your old ice box or refrigerator and learn how little extra it will cost to own the best refrigerator on the market — General Motors Frigidaire.

MAKING THE BEST OF *Living*

This man started out for himself many years ago, and soon established a successful one-man business. Then came the problem that after his death his widow might be obliged to sell the business at a loss. Sun Life of Canada Business Insurance solved this. Now the enterprise will be purchased from his widow by senior employees at a figure set during his lifetime.

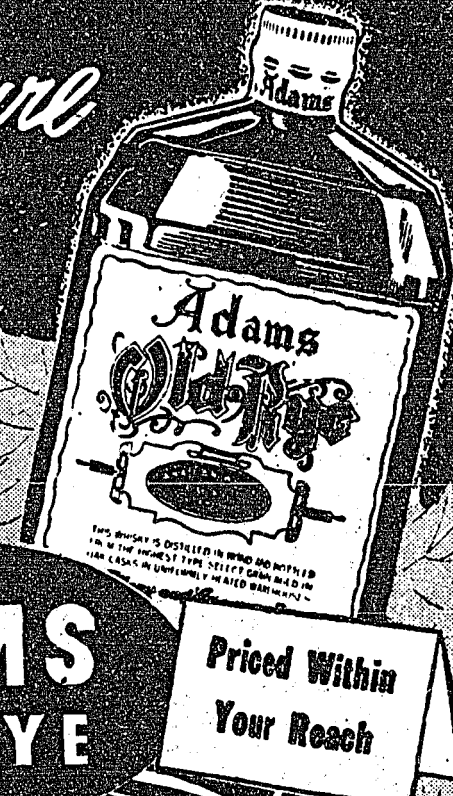

PLANNED LIFE INSURANCE BRINGS PEACE OF MIND

Without obligation, let me tell you how the facilities of the **SUN LIFE ASSURANCE COMPANY OF CANADA** can best meet your particular needs in a way that will fit your pocketbook.

ADAMS OLD RYE

Priced Within Your Reach

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia

Chicken and carrots, with a fluffy potato topping, is a hearty dish that goes well with a salad and a light dessert.

Chicken Potato Casserole

Two cups diced cooked chicken, 1 cup cooked carrots, 1 cup cooked peas, 2 1/2 cups chicken broth, 1 1/2 tsp. flour, salt and pepper.

Heat the broth; chicken, stirring constantly. Arrange the hot cooked chicken, carrots, and peas in layers in a well-buttered casserole. If leftovers are used, reheat all food. Pour the thickened broth over the meat and vegetables. Arrange the

potato topping and brown in a moderate (325 to 375 degrees F.) oven for 15 to 20 minutes or until delicately browned.

Potato Topping

Four to six potatoes, 15 tsp. salt, 1 tsp. white pepper, 1 egg, 2 tsp. butter.

Peel the potatoes, cook in boiling salted water until soft. Drain, mash thoroughly, and add butter, pepper, egg, and mix thoroughly. Arrange with a spoon or fork as topping.

Vernon City Council Refusal To Sponsor Diamond Jubilee Forces Resignation Of Committee Heads

VERNON—Following the refusal of the Vernon City Council last week to pass a resolution moved by Alderman George Melvin, and calling for City Council sponsorship of the projected Diamond Jubilee celebrations planned for mid-July, came the resignations last Tuesday of general chairman, C. A. Hayden, ways and means chairman, Frank F. Becker, publicity chairman, Paul Brooker, and acting-finance chairman, James Young.

Vernon is now without any organization whatever prepared to handle arrangements for the forthcoming celebrations.

The four chairmen tendered their resignations to Mayor A. C. Wilde

in a joint letter. It was declared, "these resignations have not been tendered because of lack of financial support, but because of lack of moral support and civic leadership on the part of the City Council."

Vernon Board of Trade last week decided to use its good offices to try to bring about a revival of the Diamond Jubilee celebration planning, so badly disrupted by the resignation of four committee chairmen following a disagreement over City Council "non-sponsorship" policy. Trade Board president, Bill Helmsing, announced that a meeting of the executive had been called for last Thursday to consider the situation; Mayor A. C. Wilde, present at the board's meeting, said that as soon as the City Council had studied the new circumstances, he and his aldermen would meet the Trade Board executive and explore a possible solution to the impasse.

Cap & Bells

Of winnow, winnow, winnow all my tolly and you'll find
A grain or two of truth among the chaff.

—W. S. Gilbert.

Have you noticed what a lot of space is devoted in our newspapers to sport?

All sorts of goings-on are included under this heading but it seems to me that most of them are in the wrong column. Their proper place, surely, should be in the "Business and Finance" section.

I cannot help feeling that most of our modern sports should really be spelled "sports." This would give the uninitiated a much clearer idea of what it is all about.

Did you ever stop to think what an awful lot of paraphernalia is required nowadays before a small boy can take a whack at a puck?

What a difference to my young days when a would simply adjourn to the nearest pond, take off our overcoats (which made excellent goalposts) and get busy.

The equipment was simple. The sticks were — well — just sticks and the puck was — well — just anything that was available.

The only things we bought were skates and if times were hard, and they generally were, the local blacksmith would bent out a pair of "blades" which served very well and cost only a few coppers.

— Did we have fun? I'll say we did. Oh! I grant you, the kids today play a much classier game than we did and, if I may dare to say so, a much more argumentative game, too. We could play, and often did, without a referee at all and when we did have one, he was usually some diminutive urchin who happened to be odd man out.

We weren't fussy about the number of players, either. If ten of us turned out we played five a side and if there were twenty, we played ten. Why not?

If, when the game got under way, one side was found to be far stronger than the other, the rival "captains" consulted and one or more good players from the stronger side were exchanged for the weakest players on the other.

The usual fouls were holding and tripping, the first, usually intentional through excitement, the latter invariably accidental. If a guilty player denied his guilt he was told, indignantly, by both sides to shut up.

The penalty was a free shot at goal from the spot where the crime was committed. It generally failed.

NO FANCY NAMES
We had no fancy names. There were no "Bruins" or "Hawks" or "Tigers" amongst us nor did we strive for cups or medals and the press ignored us. We were unorganized and untrained but I do not believe that any youngster today gets more sheer joy out of it all than we did.

Yes, yes, I know, all you modern, crack league players will be wearing a sneer and a superior smile and saying, "Shucks! that wasn't hockey," and, of course, you are right. We never said it was. To us the game was "shiny" or "shiny" according to the locality in which we lived.

All very crude and backward and old-fashioned and out-of-date and all the rest of it but we, in our ignorant, primitive, stone-age minds, just loved every minute of it.

I think we scored in one way, though. Whilst we didn't make any

Kelowna To Ask For Federal Aid To Run Airport At Ellison

KELOWNA — Department of Transport will be approached by the city with a view of obtaining a grant for use of the civic airport at Ellison as an emergency landing field.

Alderman Bob Knox intimated that action will be taken along these lines in view of the fact B.C. Aero Club has terminated its agreement with the city to operate the field. At last week's council meeting

Mr. Knox's recommendation that the water pipes in the clubhouse be drained, windows boarded and doors padlocked pending some form of a satisfactory arrangement whereby the field can be operated again on a large scale. The airport, however, will be open for amateur fliers.

B.C. Aero Club is terminating its agreement effective March 1, while the flying instructor, Bill Purcell, is returning to Vancouver this week-end. Two local fliers, Cliff Renfrew and Jim Browne, Jr., who have private planes stored in hangars, will keep an eye on the premises.

Kelowna Aviation Council plans holding a meeting in the near future to discuss latest developments.

Suggestion that the department of transport be approached for a small grant in return for use of the airport as an emergency landing field was made, and Mr. Knox was interested in the proposal.

Vernon has also been obliged to close its airport. Both cities find it impossible to maintain the airfield without some form of assistance from the department of transport.

Major Fraser's Brother On Ottawa Commission

Colonel J. D. Fraser, V.D., ADG, brother of Major H. M. Fraser of Penticton, has been appointed to the Federal District Commission in Ottawa by Prime Minister Louis St. Laurent.

Object of the commission is to co-ordinate the plans of the City of Ottawa and the dominion government for the re-planning of the capital.

William Kidd, famous pirate, was executed on May 24, 1701.
